

# HOMAX® STEEL WOOL HACKS

## ALL-PURPOSE CLEANING **FINE #0**

Use fine grade steel wool to clean steel and aluminum surfaces in your home, including many metal sinks and kitchen fixtures. Before going all in, test the effects by scrubbing on a small section of your metal surface to prevent scratching.

## CLEAN CAST IRON SKILLET **FINE #0**

Use fine grade steel wool, cooking oil and an elbow grease to quickly clean up or re-season a vintage piece of ironware. Make sure you season your pan fully before storing to keep the rust away.

## PREP FOR PAINT + STAIN **FINE #0**

You can rough up your wood's surfaces with steel wool so it can hold paint and stain better. Make sure you use fine grade steel wool so you don't damage the wood.

# HOMAX® STEEL WOOL HACKS

## SHARPEN SCISSORS **VERY FINE #00**

Have dull scissors around the house? Use a steel wool pad from your kitchen as a sharpener. Cut the steel wool with the scissors to bring them back to life.

## SECURE SCREWS **SUPER FINE #0000**

One of the most awesome handyman uses for steel wool is to use a small amount in screw holes that are a little too large. The steel wool will lock the screw in place and hold securely.

## REFRESH TIRES + RIMS **SUPER FINE #0000**

Super fine steel wool and a spray lubricant can work wonders on your tires. After you wash your car, spray on the lubricant and scrub with the steel wool.

# HOMAX® STEEL WOOL HACKS

## CLEAN SHOES + SPORTS EQUIPMENT **EXTRA FINE #000**

Is the white rubber around the soul of your shoe getting discolored and dirty? Use a little soap and a steel wool pad to clean your shoes and they will look new again.

## PREVENT CLOGS **EXTRA FINE #000**

Place a little steel wool in your drain while bathing your pets. As they shed hair in the bath, the steel wool will catch the hair and stop your drain from getting all clogged up.

## REMOVE RUST **EXTRA FINE #000**

It won't work on major jobs, but small rust spots are a cinch to fix with steel wool! Use a little water and scrub away. The rust will lift right off!

## CLEAN GRILL + PATIO FURNITURE **EXTRA FINE #000**

Use extra fine grade steel wool to clean surfaces and edges of your outdoor patio furniture. Be careful around painted surfaces.

WARNING! If you scrape, sand, or remove old paint, you may release lead dust. LEAD IS TOXIC. Contact the National Lead Information Hotline at 1-800-424-LEAD or log on to [www.epa.gov/lead](http://www.epa.gov/lead)
