

BARRIER FENCE & LAWN AND GARDEN FENCE

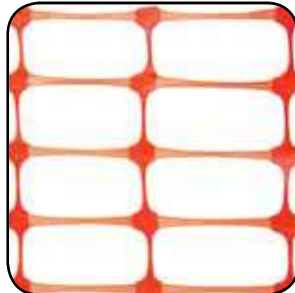

Barrier Fence® is available in three grades and a variety of grid styles for use as a visual barrier for construction, recreation, crowd control, and lawn and garden applications. Produced from a blend of UV treated polypropylene and polyethylene, Barrier Fence is flexible, strong, reusable, recyclable, and long lasting.

Now available in Heavy Duty, Standard Construction Grade, and Lightweight Economy Grade

Flat Oriented Grid

High strength oriented grid provides cost effective high strength performance for construction sites, crowd control, and visual barricade applications.

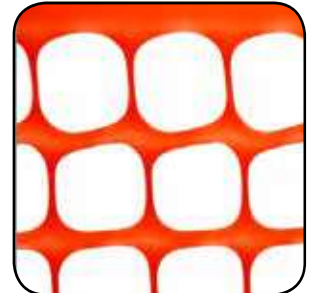

- Available in premium and economy grade

Snow Fence

Reduced porosity allowing for better performance in snow drift and sand dune building. Ideal for highway use.

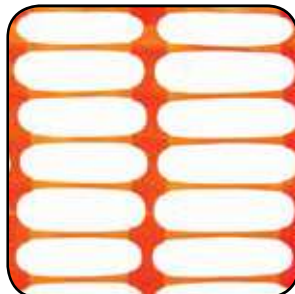

- Available in black and OSHA orange

Flat Oriented Warning Grid

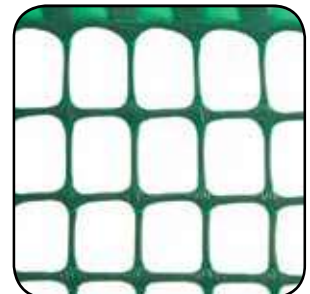

The lightweight answer to cost effective warning barricades. An ideal combination of durability and value.

- Available in premium and economy grade

Garden Fence

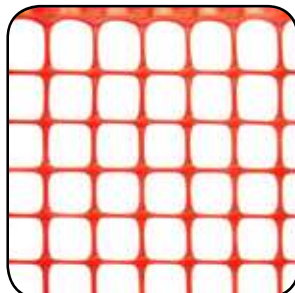

Handy and attractive for landscape, lawn and garden applications.

Square Grid

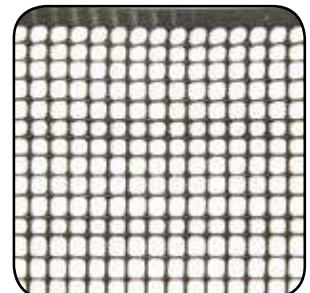

High strength vertical and horizontal strands make the square grid the ultimate barrier for severe jobsite and weather conditions.

- Available in heavy duty and economy grade

Hardware Cloth

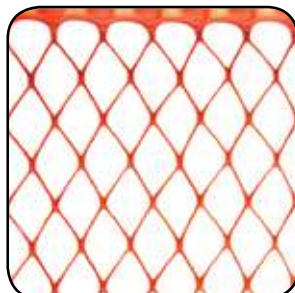

A convenient substitute for metal cloth with the advantages of plastic.

Diamond Grid

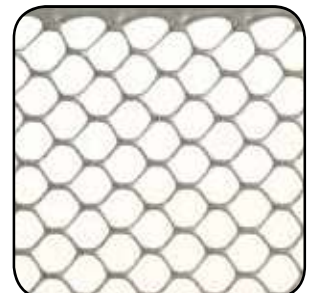

The durable, rigid favorite for construction barricades and crowd control. Exclusive safety edges protect materials and personnel on the jobsite during installation and removal.

- Available in premium, heavy duty and economy grade

Aviary Netting

For use as wire aviary netting substitute.
