

## DIRECTIONS

Safe for treating subfloors, baseboards, tack strips, walls, flooring and upholstery. Test in an inconspicuous area first. All excess moisture and debris should be removed prior to application. Apply **ScentStop** generously to the source of the odor and let dry. Repeat if necessary. Store at room temperature and do not allow product to freeze.

## CLEANUP

**ScentStop** dries clear, so no surface cleanup is required. If a pump-type sprayer was used for application, rinse with clear water.

## APPLICATION TOOLS & TECHNIQUES
