LEVITON®

Recessed Devices

Smooth the way for wall-mounted flat screen TVs and more

*Quickport not included

Meet the Demand for Flawless Flush-Mounted Installations with Leviton Recessed Devices

Perfect in Homes, Apartments, Co-Ops, Condominiums and Offices

"Thin is in" when it comes to flat screen TVs. For an almost invisible installation behind wall-mounted TVs, entertainment centers, monitors and more, connect with Leviton Recessed Devices. The Recessed Entertainment Box (REB) centralizes AC power and low-voltage connection points for audio, video, data and phones. For smaller applications, choose the Two-Gang Recessed Duplex Receptacle with openings for 6 installer-selected Quickport® connectors or the One-Gang Recessed Duplex Receptacle. Both are available in White, Light Almond, Ivory and Black. Look to Leviton Recessed Devices for every application.

The Recessed Entertainment Box (REB)

Centralizes points for AC power, audio, video, home theater, data and phone connections

- Manages home theater electronics in a single location
- Ideal for new construction (stud-mounted) and retrofit (wall-mounted) applications
- Low-profile frame provides neat, clean recessed installation
- Optional high-profile cover includes sliding plastic front panel and channels all wires through the bottom of the REB
- Any combination of line and low-voltage products can be configured in the three device openings
- Paintable white ABS molded plastic for structural integrity
- Two-Year Limited Product Warranty

Cat. No. 47617-REB
