1. Introduction

Congratulations on your purchase of the 10'x20' Pop Up Canopy Tent! This manual will guide you through the proper use and care of your tent to ensure it remains in excellent condition for years to come. Whether you're using it for parties, commercial events, or outdoor activities, following these guidelines will help you maintain its pristine appearance and functionality.

2. Unpacking and Setup

2.1 Unpacking Instructions

1. **Carefully Remove the Tent**: When you receive your tent, carefully remove it from the packaging. Avoid using sharp objects that could scratch or damage the fabric or frame.
2. **Inspect for Damage**: Check the tent and all components for any signs of damage. If you

notice any issues, contact our customer service immediately.

2.2 Assembly Instructions

1. **Assemble the Frame**: Assemble the canopy frame by following the instructions provided. Ensure all parts are securely connected.
2. **Attach the Canopy**: Place the canopy over the frame and secure it in place. Make sure the canopy is centered and evenly distributed.
3. **Install Sidewalls**: If you wish to use the sidewalls, attach them to the frame using the provided hooks or fasteners.
4. **Secure the Tent**: Place the tent on a flat, even surface. If using a stand or base, ensure it is stable and won’t tip over.

2.3 Placement Tips

- **Stability**: Ensure the tent is placed on a flat, even surface. If using a stand, make sure it is stable and won’t tip over.
- **Safety**: Avoid placing the tent in high-wind areas where it might be blown over or damaged.
- **Lighting**: Position the tent in a shaded area to maximize its functionality and aesthetic appeal.

3. Using Your Pop Up Canopy Tent

3.1 Opening and Closing the Canopy

- **Opening**: To open the canopy, extend the legs of the frame to the desired height and then pull the canopy up to its full extension.
- **Closing**: To close the canopy, lower the legs of the frame and then gently push the canopy down until it is fully retracted.

3.2 Adjusting the Height

- **Height Adjustment**: Our canopy tent features 3 adjustable height settings. To adjust the height, extend or retract the legs of the frame to the desired level.

3.3 Securing the Canopy

- **In Windy Conditions**: In windy conditions, it is important to secure the tent to prevent it from tipping over or being damaged. Use the provided tie-downs, sandbags, and stakes to anchor the tent to the ground.

4. Maintenance and Care

4.1 Regular Cleaning

- **Frequency**: Clean the canopy at least once a month to remove dust and debris.
- **Cleaning Solution**: Use a mixture of mild soap and water to clean the canopy and frame. Avoid using harsh chemicals or abrasive cleaners.
- **Drying**: After cleaning, use a dry, lint-free cloth to dry the tent and prevent streaks.

4.2 Preventing Damage

- **Avoid Harsh Weather**: Do not leave the tent open in strong winds, heavy rain, or snow.
- **Protect the Fabric**: Avoid placing the tent in direct sunlight for extended periods to prevent fading or damage to the fabric.
- **Temperature**: Avoid exposing the tent to extreme temperature changes, as this can cause the frame to expand or contract and potentially crack.

4.3 Handling and Storage

- **Lifting**: When moving the tent, lift it from the bottom and avoid holding it by the edges.
- **Transporting**: If you need to transport the tent, disassemble it and wrap the components in a soft blanket or bubble wrap. Store the tent in a cool, dry place.

5. Troubleshooting

5.1 Common Issues and Solutions

- **Umbrella Won’ t Open or Close**: Check the crank handle and tilt mechanism for any obstructions or damage. If the issue persists, contact customer service.
- **Tilt Mechanism Not Working**: Ensure the tilt button is fully engaged and the canopy is not obstructed. If the issue persists, contact customer service.
- **Loose Frame or Stand**: Check all fasteners and tighten any loose screws. If the issue persists, contact customer service.

6. Warranty and Support
