

Technical Assistance

Technical Assistance

DIG's expert tech support team is just a phone call away. Our specialists are knowledgeable not only in the DIG product line but also in a wide range of irrigation systems. Managed by seasoned landscape and irrigation professionals, our team understands the importance of providing quick, accurate assistance.

Call us at **800-322-9146**

or email tech@digcorp.com for support.

Online Technical Resources

Online Technical Resources

Explore a wealth of information on DIG products at www.digcorp.com.

Our website offers access to online catalogs, CAD details, product specifications, programming instructions, manuals, installation guides, videos, and part lists—everything you need in one convenient location.
