C-STAND
FOR HANGING HAMMOCK CHAIR
HSHC

Read all assembly and care instructions carefully before using this product.
Save these instructions for future reference.

**Select a smooth, level surface to place the hammock chair stand.
Assemble components on a soft, clean surface to avoid scratching/damaging the finish.**

Inspect packaging to ensure all parts are accounted for before disposing of packing materials.
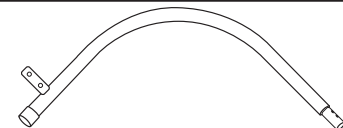

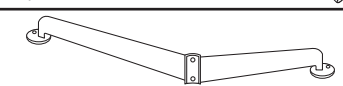

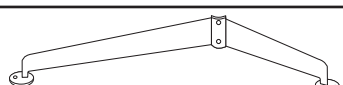

⚠ CAUTION ⚠

This hammock chair stand is not designed for use as a swing. Bouncing, swinging, or any other significant movement while in use may cause serious injury.
This stand must be on a level, stable surface. Make sure all hardware is securely tightened before each use.

Weight Limit: 300 lbs.

⚠ WARNING ⚠

CHOKING HAZARD — This item contains small parts that can be swallowed by children. Keep children away during assembly.

ASSEMBLY

4 x2

3

5
1. Align the holes on Right Base (C), Left Base (D) and Bottom Support (B).

2. Secure the base and support components using 2x Bolt (E), 2x Washer (G) and 2x Nut (H). Tighten hardware using Hex Key (L) and Tubular Box Spanner (M).

3. Place Top Support (A) onto Bottom Support (B) and align the holes.

4. Secure the support tubes with Bolt (F) and securely tighten using Hex Key (L).

5. Attach Carabiner (I) or Hook (J) to Top Supports (A).

⚠ IMPORTANT INFORMATION ⚠

Under normal use, Sunnydaze hammock stands will last for many years.
It is important to follow basic care tips to prolong the life of your stand.

USE & CARE

- **SAFE USE:** Do not use this chair for swinging. Swinging, bouncing, jumping and other excessive movement may cause serious injury including, but not limited to, the stand tipping over.
- **CHILDREN:** Supervise children at all times. Do not allow children to play or sleep in hammock chairs when used with this stand (chair not included).
- **STORAGE:** Store the stand indoors when not in use. Cool, dry locations are recommended to prevent damage from exposure to moisture and sunlight.
- **INSPECTION:** Before each use, ensure the stand is assembled correctly and the hardware is securely tightened. Do not use the stand if there are signs of weakness.
- **CLEANING:** Use a soft cloth, warm water and mild detergent to wipe down the stand if necessary. Dry the stand after cleaning to prevent rust.
- **SCRATCHES:** The powder coating on the stands is tough & durable but, even under normal use, some scratching is inevitable. Scratches can be repaired with a rust-resistant paint, see your local hardware store and follow paint application as noted on the container. **NOTE:** damage caused by painting the stand will void the product warranty.

TROUBLESHOOTING

- If the stand is making noise when in use, check all assembly connections to make sure all hardware is fully tightened. Some noise created by the hanging hardware is normal; avoid excessive movement when using this stand as it may cause serious injuries.

Any modification to the product or failure to follow recommended care will void the product warranty.

⚠WARNING!

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.
