UNIVERSAL HARDWARE
The Professional's Choice

All-In-One Commercial Closer With Flexplate™

How To Use the FlexPlate™ Adapter

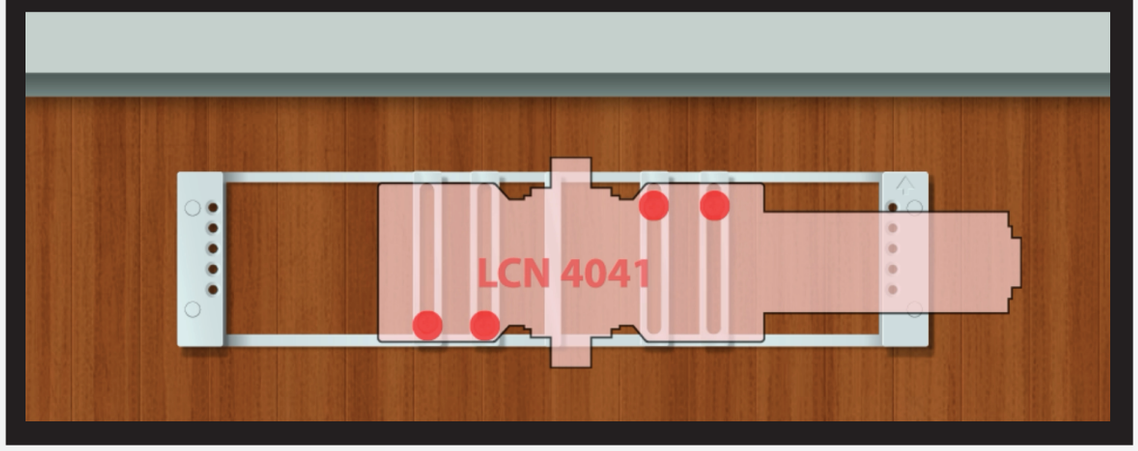

STEP 1 Remove old closer from door

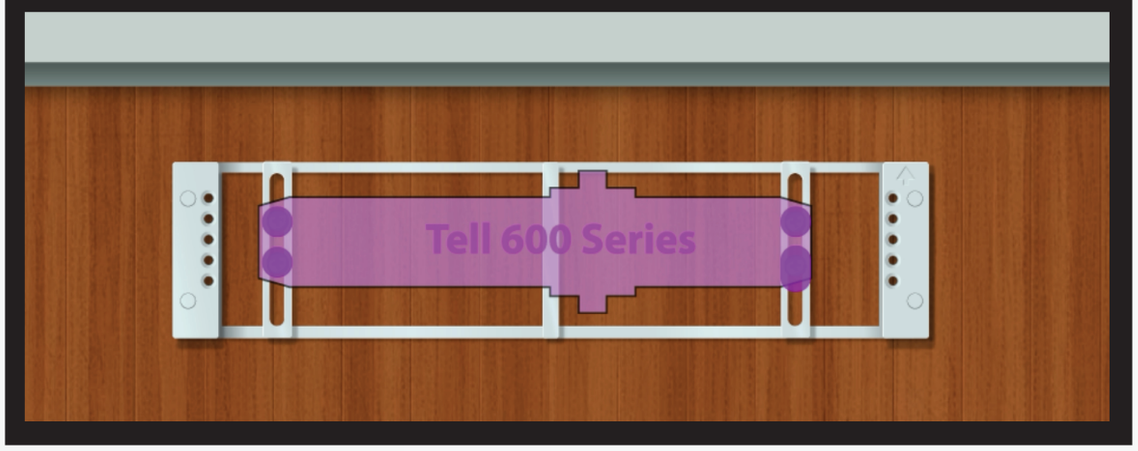

STEP 2 Attach the FlexPlate and sliders to your door loosely with the provided hardware

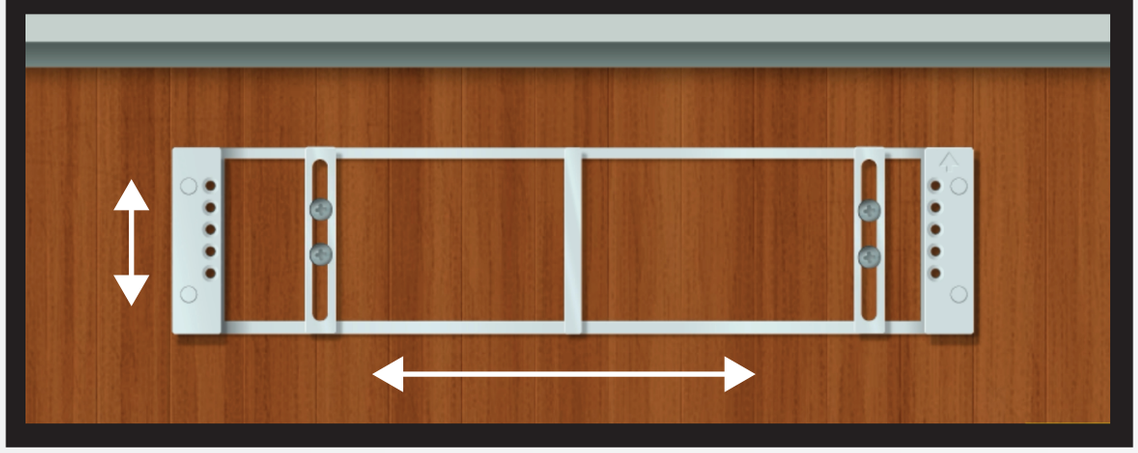

Example of FlexPlate being used to retrofit to LCN4041 Hole Patterns

Example of FlexPlate being used to retrofit to Tell 600 Series Hole Patterns

STEP 3 Slide the plate vertically and horizontally to match the ideal mounting points noted in the instructions then tighten the slider screws

STEP 4 Attach your new closer body to the FlexPlate adapter and complete the remaining installation steps
