

Slush Frozen Drink Machine

The 2x12L freezing drink dispenser provides an attractive way to serve your guests their favorite fresh juices. Durable construction is a huge plus to any space, catered event, or banquet. It features a premium compressor with a solid copper condenser that cools rapidly, and operates at low noise.

Key Features

Stainless Steel Material

Made of high quality food grade stainless steel, which has excellent corrosion and rust resistance.

PVC Cylinder

Observe directly inside and make clear the status of beverage making.

Rebound Handle

Stops slurry flow and avoids waste.

Cool Down With Perfect Slush Drinks On A 90-Degree Day!

Summertime is when frozen slush drinks are most appealing. So, if you are looking to host birthday parties or serve your customers better, buy this two bowls Slushy Machine. It's designed with coolness and convenience in mind. It comes with two beautiful bowls that hold 12L of fresh, colorful slush drinks to keep the drinks going. Despite its lower price point, its build quality is superb. You can work this machine for hours under extreme temperatures without breaking down or making a noise; thanks to its super-quiet yet powerful compressor and copper condenser.

Double-Bowl Design, Perfect Slushy Machine for Restaurants

Boasting two huge 12L bowl capacities, this best slushie machine for bars can whip up to 100 cups of refreshing slushy in less than an hour. With two large bowls, you can mix the drinks up, allowing you to serve your customers or guests different flavors at the same time. That means a bowl can contain and dispense an alcoholic slushy drink while people who prefer a tangy fruit punch can go for the other bowl.

Blends and Refrigerate Faster Than Most Models

This model is a 640W Stainless Steel Margarita Machine that boasts an incredible cooling prowess. It takes less than an hour to freeze both large tanks; thanks to its powerful compressor and R290 refrigerant. Although it packs a lot of power to blend and refrigerate faster than most units on the market, it's unbelievably quiet and consumes less power. Most importantly, this unit delivers more efficient slush production compared to others on hot days.

Its Build Quality is Underrated

Unlike most commercial slushy machines, the VEVOR set itself apart by offering great value at a much lower price. This inexpensive model boasts a build quality that screams premium, without a hefty price tag. It's crafted from high-quality, food-grade 304 stainless steel to ensure it can handle all the abuse of daily use. During hot times, you don't have to worry about this tool chickening out on you. It's built to deliver excellent and efficient slush production during sweltering periods. If you are looking to invest in an affordable slushy machine for cafe that would last almost a lifetime, you can't go wrong with the VEVOR 24L Slushy Machine right here.

User-Friendly Controls For Great User Experience

VEVOR 6.4Gal Slushy Machine for Party features a precise control panel that elevates your slushy experience. On the panel, you can easily choose your preferred hardness - icy and hard or soft and slushy. The digital display is a big plus, as it shows you the necessary information in one place for easy operation.

That's not all, this model boasts a self-cleaning setting, a feature missing on most granita machines out there. This thoughtful feature helps you save time and effort on complicated cleanup after whipping up refreshing slush drinks.

Impressive Versatility to Make Refreshing Drinks for Every Occasion

The VEVOR Commercial Slushy Machine is highly sought after not only for its lower price but also its ability to whip up anything to make great refreshments. It's an excellent and lucrative addition to your restaurant, home, and cafe to serve anything from frozen coffee to punchy alcoholic drinks. It works all day all season for a consistent supply of colorful refreshing slushy drinks to customers and guests without a significant drop in performance. Get your customers relaxed and refreshed with the perfect slushy maker - the VEVOR 640W Stainless Steel Margarita Machine.
