How Flow Wall works

Flow Wall starts with wall panel, followed by cabinets, drawers, hooks, and bins. It's easy to install, customize, and organize.

FLOW WALL PANEL

Our patented panel is the perfect foundation for your home storage solutions. Featuring our unique click-in design, our system allows you to customize your space to fit your storage needs. Easy to install and maintain, our panels grow as your storage needs grow, clearing clutter off your floor with wall mounted storage.

BACKLESS CABINETS

Our backless cabinets allow you to store and organize your gear even more! Use hooks, bins, and shelves to keep things organized behind cabinet doors.

CABINETS

Our 26 inch wall mounted cabinets provide great overhead storage and include an adjustable shelf to fit all of your miscellaneous items.

DRAWERS

Our Drawer Cabinet has three deep drawers to make the perfect solution for wall storage. Each drawer holds up to 50 lbs, making it the perfect solution for tools, toys, and more.

JUMBO CABINETS

Keep your gear off the floor and behind closed doors with maximum storage space. This 72-inch high wall mounted cabinet includes four adjustable shelves to fit all of your storage needs.

SOFT CLOSE HINGES

Our cabinets feature soft-close hinges to avoid slamming doors. Sturdy metal handles, embossed with the Flow Wall logo, grip easy to give a smooth flow when opening and closing the doors.
