

SPECIAL ORDER
COMPOSITE DECKING

Reserve Collection - Driftwood
RadianceRail® - Kona®

CAPPED POLYMER DECKING

Bring stylish sophistication and premium performance to your backyard. Made from the most advanced material technology in both the cap and core.

- Made without any wood particles — most resistant to moisture damage with **advanced surface protection**
- **Unbeatable resistance to mold and mildew** means boards won't rot, splinter, crack, or warp
- **50-Year Limited Fade & Stain Warranty** to ensure beauty initially and over time with industry's best warranties
- **Scratch, dent, and stain resistant** — worry less, enjoy your deck more
- Up to **30 degrees cooler** and **40% better slip resistance** than competitive composites*
- **Environmentally friendly**, made from up to 54% recycled materials

Vintage Collection®

PREMIUM COLLECTION

Dubbed our "Designer Series," the Vintage Collection features the most powerful technology in the industry. Available in narrow 3.5", standard 5.5", and wide 7.25" widths, you can create dramatic deck designs or add subtle touches in elegant earth tones that fit your lifestyle and taste. MAX Decking available in Coastline® are 1.5" thick; can be installed 24" on center, and are the perfect solution for boardwalks, docks, and many commercial applications.

WUI Compliant

COASTLINE® **ENGLISH WALNUT™** **WEATHERED TEAK™** **MAHOGANY** **DARK HICKORY** **CYPRESS®**

Arbor Collection®

Bring gorgeous, warm wood tones and vibrant, blended colors to your deck. The various wood grain patterns resemble highly sought-after, rich woods. Every board in this collection showcases characteristics found in nature.

BRAZILIAN WALNUT **MORADO®** **ISLAND OAK™** **AUTUMN CHESTNUT®**

Harvest Collection®

Tie in traditional, cathedral wood grain patterns and a soft, solid color palette to your deck when using boards from this classic collection. Comprised of natural shades, this decking complements a wide range of homes' exteriors. Available in standard 5.5" and wide 7.25" widths in Slate Gray and Brownstone. Max Decking available in 1.5" thick; can be installed 24" on center, and are the perfect solution for boardwalks, docks, and many commercial applications.

SLATE GRAY **BROWNSTONE** **KONA®**

*Based on lab testing, AZEK® Deck and Porch products are cooler to the touch than many other deck board products in similar colors, all decking products will get hot in the sun. Additionally, the darker the decking color, the hotter it will feel.

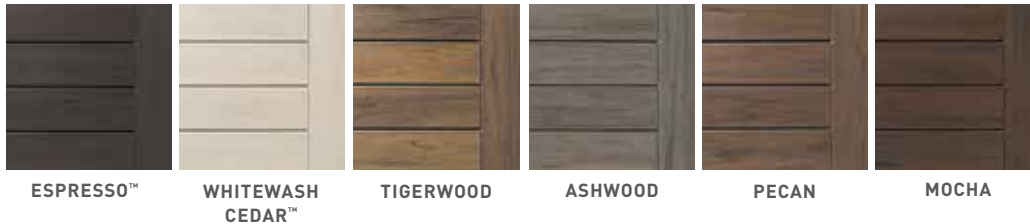

4-SIDED CAPPED COMPOSITE

Better style and performance than competitive composites, enhanced by the most mold- and mildew-resistant cap.

- Capping on all 4 sides offers **more protection** than leading 3-sided cap products
- **Only capped composite** decking with **Mold Guard™ Technology**
- Boards are more **mold and mildew resistant** than competitive composite boards
- **Better warranty** than leading composite brands (our 30-year VS. others' 25-year)
- **Environmentally friendly**, made from up to 80% recycled materials

Legacy Collection

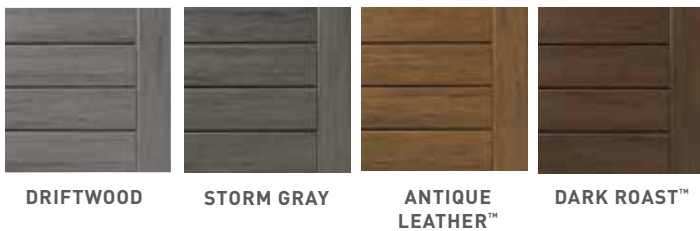

Stand apart from run-of-the-mill decks with this stunning, artisanal collection. This decking features a complex blend of several colors, natural board-to-board color variation, and a hand-scraped texture that offers Old World charm. Just as every tree found in nature is unique, every deck board in the Legacy Collection is unique so you can create a one-of-a-kind deck.

Reserve Collection

HOT NEW COLLECTION!

Bold and multi-tonal, the NEW TimberTech® PRO® Reserve Collection is a more durable and slip-resistant decking collection that comes in four on-trend colors. The 4-sided cap contains no wood for best fade and stain resistance in its category. Boards in this collection boast a blend of 3-4 earthy hues with a matte finish. Plus, the collection's classic cathedral wood grain pattern is inspired by rough wire-brushed, reclaimed wood.

The perfect combination of performance, aesthetics, and durability – this new collection features four stunning, on-trend colors, that are elegantly blended in a heavy wired-brushed, reclaimed wood grain pattern

Terrain Collection™

Tap into traditional and timeless hues for your outdoor oasis. Ranging from solid to moderately varied colors, these scalloped boards offer a complex, rugged wood grain pattern designed to camouflage wear and tear from everyday life. This practical collection is the perfect combination of value and performance.

Depending on environmental conditions, AZEK® Deck and PRO™ Deck colors may change over time as part of the natural weathering process consistent with the warrant guarantees where applicable. All AZEK Deck and PRO Deck products will experience weathering.

CAPPED COMPOSITE DECKING

Made up of beautifully color-blended hues that can be used to achieve a natural wood look that has character and depth.

- Fully synthetic cap protects board surface from **mold and mildew**
- **Scratch and dent resistant** for a durable, livable surface
- Boards are designed to retain color and are backed by a **25-Year Fade & Stain Limited Warranty**
- **Environmentally friendly**, made from up to 80% recycled materials
- **Ditch the continual maintenance** of wood and trade up to attainable composite decking

Prime+ Collection™

NEW ATTAINABLE COLLECTION!

Lean in to beautifully simple colors with this inspired decking collection. The moderately varied hues and subtle, straight grain pattern create an authentic wood visual. Get the look everyone is ditching wood for and choose the Prime+ Collection.

COCONUT HUSK™

SEA SALT GRAY

Step up from wood decking with the perfect combination of beauty, performance, and value – the new attainable Prime+ Collection features eye-catching colors in a highly durable, straight grain pattern for an authentic wood appearance.
