FAST SET™ CLOSET FLANGES

Set it right the first time!

WHY ~~FAST~~ SET™

SET IT RIGHT THE FIRST TIME!

Fast Set closet flanges offer the latest in flange technology. Fast Set installs quickly and easily. Available in ABS or PVC and with a plastic, stainless steel or powder coated metal ring.

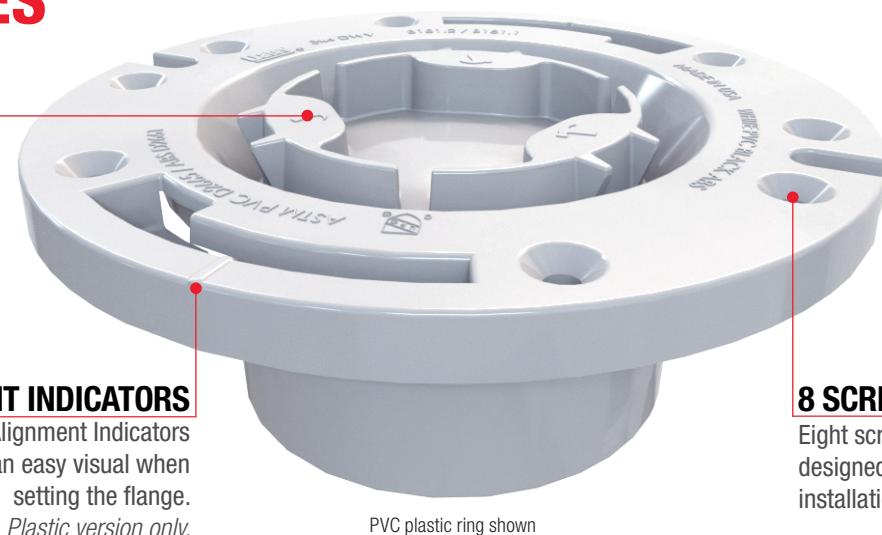

FEATURES

3 STRIKE POINTS

Three strike points make test cap knockout effortless.

ALIGNMENT INDICATORS

Patented Alignment Indicators provide an easy visual when setting the flange. *Plastic version only.*

PVC plastic ring shown

8 SCREW HOLES

Eight screw holes designed to meet any installation type.

OPTIONS FOR EVERY JOB

The same great features that make the knockout flange fast are also available on our open flanges.

1 Simply set the flange in place and align the bolts.

2 Fasten it to the floor using the screw holes.

3 Hammer the three strike points and remove the knockout.

~~FAST~~ SET™ FEATURES

CLEANBREAK™ TEST CAP

- Premolded test caps
- Minimize knockout from falling down drain pipe

Cleanbreak™ Test Cap is specially designed to minimize knockout fall through and doesn't shatter down the drain pipe!

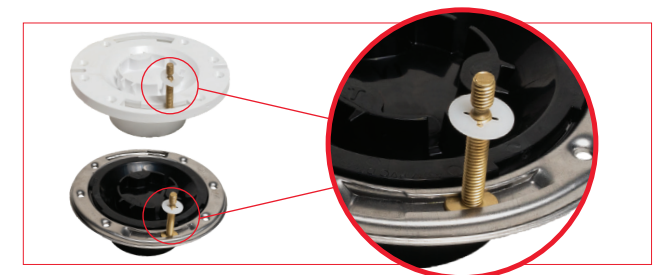

PATENT-PENDING BOLT SHELF™

- Patent-Pending Bolt Shelf is designed to keep bolts in a PVC track that is molded into the flange
- Stabilizes bolts and eliminates fall through

The Bolt Shelf™ keeps your bolts in line without falling through. No more wobbly bolts!

COMPETITOR'S BOLT FALLS THROUGH

~~FAST~~ SET™ STABILIZES BOLTS WITH BOLT SHELF™
