- Fast & Secure Delivery
- 30-Day Free Returns
- 24/7 Attentive Service

Dual Zone Refrigerator

The inner space is divided into 2 parts - the freezing and refrigeration area. Internal dimensions: 20.4 x 10.5 x 17.8 inches, allowing you to place drinks upright below 18.6 inches in height. And 63 quart is a perfect size for going out to join outdoor parties, picnics, camping, or road trips.

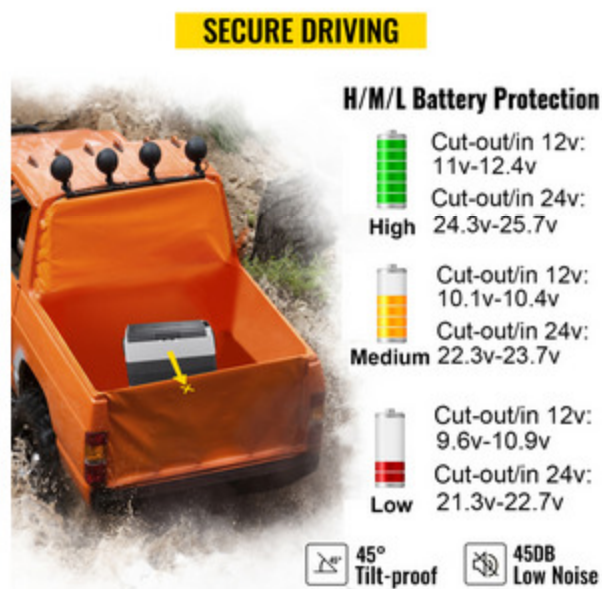

Fast Cooling

Our car refrigerator has a fast cooling speed and can quickly drop from 20°C to 0°C in 15 minutes. And it can last for 10 hours after the power supply has been cut off, so you can enjoy delicious and fresh food during the journey.

Precise Control

The onboard refrigerator can regulate the temperature and mode through the digital panel, so you can monitor the temperature and power at any time. You can also use the mobile app to control the temperature and charge with a USB socket.

Stability While Driving

The three-layer battery protection can prevent the refrigerator from depleting the vehicle's battery. It is designed to be low noise and ensure you a good sleep after driving for a long time. The fridge can also be kept stable by tilting 45°.

Designed with You in Mind

Our car refrigerator has many considerate details. The frosted material improves the hardness and durability, the built-in LED light allows you to see the inside of the refrigerator. In addition, the smooth roller and the handle improve portability, and the drain hole avoids ponding when in use.

Wide Application

Operating at 12 / 24V DC and 110-240 AC, the 12V refrigerator freezer can be connected to an automobile cigarette lighter and household power supply. Our portable compressor refrigerator is suitable for RV trips, campsites, boats, camping, fishing, road travel, and other outdoor activities.
