Issue or Concern With Your Order?

Thank you for choosing Costa Farms! We want to be sure you enjoy and succeed with your new plant(s) so we inspect them after our growers pull them from the field. Your plants are hand packed and shipped fresh from our farm directly to your door. Your plants look beautiful going in the box, but we know they don't always arrive the same way. Shipping delays, extreme weather, or rough handling can be tough on them. But don't worry. We're here to support you every step of the way.

If you have any questions or concerns about your new plant, please share a photo and the tracking info. We'd like to make things right if anything goes wrong before you post a review. Our goal is for you to be a happy plant parent!

Peace Lily
(Spathiphyllum)
Plant Care

- Within 1 to 6 feet of a bright (south, east, or west) window
- Water as the top 25% of the soil dries out
- For faster growth, use a general-purpose fertilizer. Follow label instructions.
- Classic houseplant with white flowers
- I grow well with Calathea, Ferns, and Fittonia

This plant may have some natural degree of toxicity and may cause discomfort or illness if ingested. Additionally, exposure to the sap of this plant may cause discomfort to individuals with a sensitivity to it upon contact. Grown for ornamental purposes and not intended for human or animal consumption
