

# Displaying Your Flag

Choose a location to display the flag that does not involve excessive exposure to the elements.

Do not display flag set in inclement weather such as storms or windy days.

1. Unroll flag. Hook flag (star side up) to the top rotating mounting ring utilizing the upper grommet on the flag heading.
2. Hook flag to the lower adjustable mounting ring by loosening the ring screw, then position in place and tighten. Attach utilizing bottom grommet.

3. Use screws to mount bracket on a vertical or horizontal surface. Insert pole into bracket.
