

VG ALLIUM MILLENIUM 2.5QT

PERENNIAL PLANT

Allium, or ornamental onion, is a low maintenance perennial perfect for any garden or containers. It is a tough plant that is pest and drought resistant. For the best flower power, ensure your allium are planted in full sunlight. Ensure soil is well-draining and not soggy.

- For best performance, place in full sun
- Water as needed to maintain evenly moist soil
- Fertilize in spring and fall with an all-purpose fertilizer.
- Low maintenance
- Deer resistant
- Be careful with over watering
- Not intended for human or animal consumption
