

2D Data matrix sample for a product:

- product manufactured in January of 2015
- sequential number 000012
- appliance part number 7736502710

Result of 2D data matrix reading must be :

83705170000127736502710

which has respectively the following
serial number:

8370-517-000012-7736502710
