

Plastic Lattice Care and Maintenance Guide

Plastic Lattice Cleaning:

- Most dirt can be washed off with a mild soap and water solution.
- Heavier stains can be cleaned with any non-toxic household cleaner.
- On occasion, you may want to spray your lattice with a garden hose. This will remove grass clippings, dirt and fertilizer chemicals and keep it looking as new as possible.
- To remove minor stains, use a non-abrasive liquid cleaner.
- For removal of major stains, try one of the following cleaning agents: Simple Green, Mr. Clean® Magic Eraser, Mineral Spirits, Trichloroethylene, CLR (Calcium, Lime and Rust Cleaner) or vinegar. Follow the manufacturer's directions. Note: Goof Off® is not recommended to remove stains.
