0.9 in 0.9 in

POWERFUL COMPRESSOR

Energy-saving Quiet Operation

UNIQUE 3-LAYER STRUCTURE

Protective Stainless Steel
Insulation Foam
Food-grade PP

440 lbs Ice Yield per Day

The auto-dumping ice tray made of copper-nickel material provides a large amount of clean ice. Bid farewell to those days of being troubled with ice cube shortages.

Powerful Compressor

The brand 850W compressor serves ice machines longer than other common ones. It features fast cooling, low noise, and low energy consumption.

Unique 3-layer Structure

Built with long-lasting stainless steel, the ice machine has an elegant appearance and outstanding quality. A better insulation effect can also be achieved thanks to the thickened foam layer. Tip: To keep the ice cubes from melting for a long time, please store them in the refrigerator or freezer.

EFFORTLESS OPERATION

Effortless Operation

Use the panel to directly control the ice maker machine at any time you want. Plus, we provide you with a water filter and ice scoop to get clean ice cubes.

CONSIDERATE DETAILS

Considerate Details

All-round thoughtful designs enhance the machine's reliability and security, including the detachable pull-out dust filter, dazzling blue light, heat dissipation vent, and stable rubber feet.

MUST-HAVE IN SUMMER

Must-have in Summer

VEVOR's commercial ice maker becomes an essential tool for fast ice making indoors and outdoors, decorating your food & drinks, and chilling down the scorching summer heat.
