

About EazzyPress.

The sleek and compact EazzyPress heats up quickly and safely in seconds and is completely portable. You can say goodbye to ironing and hello to pressing with this easy to operate, time and space saving appliance. The secret is in the Teflon coated plates that allow you to iron both front and back simultaneously. Even better still, there's no bulky ironing board required so you can store and press on the spot, exactly where your clothes are kept. EazzyPress is your express solution to tackling stubborn wrinkles with minimum effort and is so easy and convenient to operate, you can do it one handed. Discover the all new EazzyPress ironing board free experience.
