

PACKAGE CONTENTS AND PARTS

Before attempting your install, please ensure that the package contains all parts and qty's as listed for your awning size.

*Motorized models Include:

- 16ft power cord
- Motor Regulator
- Remote Control Kit
 - Remote with cover screw
 - Wall Cradle
 - Wall Mount with screws
 - CR2430 Battery NOT INCLUDED

Advaning's motorized awnings allow users to set a custom stop setting with the Motor Regulator tool.

To safeguard your awnings warranty, we ask that you contact Advaning's customer support for proper instructions before attempting any adjustments. Adjustments without safeguarding your warranty first voids the motors warranty. If no custom settings are needed, please save the Motor Regulator tool with your Owner's Manual in case it is needed in the future.
