CHAIR INSTALLATION

1. Before use

Use the controller to place the backrest frame to the extreme position, raise the calf to the highest position and raise it to the longest position. Make sure there is sufficient space around the massage chair before operation.

Use the controller to place the backrest frame to the extreme position, raise the calf to the highest position and raise it to the longest position. Make sure there is sufficient space around the massage chair before operation.

2. Moving the massage chair

After completing the installation, put the chair in incline / upright position to move the chair easily.

- As illustrated, tilt the chair back onto its wheels at 45° angle. Slowly push and maneuver the massage chair to desired location. Lower massage chair slowly and smoothly until it is fully flat on the ground.

CAUTION

- * Do not move massage chair when occupied or in use.
- * Moving the massage chair may cause damage to the floors. Floor protection is recommended (e.g. rugs or carpet).
- * Do not drop or suddenly let go of the chair when moving as it may damage the chair.
- * Two persons are recommended when moving and extra care when handling the massage chair.
- * Make sure power plug & remote is disconnected to prevent damages. Warranty will not cover the power cord & remote if the chair is moved with the plugs connected.

3. Place the massage chair in an open area |

- Allow sufficient space around the chair for recline purposes.
- 3 inch distance for the back side and 19.7 inch in front of the foot rest.
