

Instructions / Assembly

Outdoor Bar Table, Wicker Bar Cart with Cabinet, Patio Serving Cart with Steel Top, with One Ice Bucket, Lockable Wheels, Side Basket for Garden, Poolside & Backyard

ASSEMBLY INSTRUCTIONS

Tools Required: All necessary tools included.

Step 1: Unpack all parts and hardware. Check against the included parts list to ensure nothing is missing.

Step 2: Attach the legs to the base frame using the labeled screws and bolts. Tighten securely with the provided wrench.

Step 3: Install the lower shelf and secure it to the legs.

Step 4: Attach the PE wicker cabinet panels to the steel frame. Ensure they are aligned before tightening screws.

Step 5: Fix the steel tabletop on top of the frame and secure with screws.

Step 6: Install the side basket by aligning it with the pre-drilled holes and securing it with bolts.

Step 7: Attach the rounded handle to the side of the cart using the screws provided.

Step 8: Insert the ice bucket into its designated slot.

Step 9: Install the four wheels at the bottom of the legs. Ensure two wheels are lockable for stability.

Step 10: Check all screws and bolts for tightness before use.

Your Outdoor Bar Table is now ready for use.
