

GEARWRENCH®

120XP Flex Head Ratchets - 120 Positions, 3 Degree Ratcheting Arc

SPEED

120 positions give a 3° ratcheting arc, so you can turn a fastener in tighter confines.

STRENGTH

Double-Stacked pawls deliver 180% of ASME torque performance.*

ACCESS

Adjustable flex head has six positions and gives additional clearance where needed for increased access.

The GearWrench 120XP Ratchets take access to the next level, making it easier and quicker to complete jobs. The Double-Stacked Pawl design delivers 120 Positions, exceeds ASME torque performance requirements and gives easy access to fasteners, delivering **eXtreme Productivity**.

Speed

- 120 positions, 3° ratcheting arc
- The gear is alternately engaged by the double-stacked pawls which give a 3° swing arc for faster work
- Highly visible on/off markings on the head

Strength

- Enclosed head design for extreme resistance to dirt infiltration
- Double-Stacked pawls engage a 60-tooth gear providing exceptional strength, exceeding ASME specifications

Access

- 6-Position flex head for adjustable access angle
- Teardrop low profile head and flush mounted on/off switch allow better access in tight spaces
- Longer reach handle to access hard to reach fasteners

Handle Style

Available in Full Polish or Cushion Grip

*Results are based on Apex Tool Group testing of 3/8" drive 120XP™ ratchet.
