

Algicide + Clarifier

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in any manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements, storage, disposal and directions.

FRESHLY FILLED AND/OR ALGAE-FREE SWIMMING POOLS:

Add 69 to 97 oz of Pool Time Algicide + Clarifier per 10,000 gallons of pool water. Add 24 to 48 oz (per 10,000 gallons) weekly as a maintenance dose to prevent algae growth through the swimming season.

VISIBLE ALGAE GROWTH:

Add an initial dose of 97 to 128 oz of Pool Time Algicide + Clarifier per 10,000 gallons of water to rid the water of algae. Thereafter, add 24 to 48 oz (per 10,000 gallons) weekly during the swimming season to prevent re-growth of algae.

POOL MAINTENANCE TIPS:

In order to ensure maximum effectiveness of this product, superchlorinate with sufficient chlorinating product (such as Pool Time Shock MaxBlue® or Pool Time Shock Plus) to a chlorine level of 5 ppm. Remove all debris from the water by vacuuming or sweeping and filtering. In order to aid in the removal of the very fine particles resulting from the affected algae, use Pool Time Super Water Clarifier. Always maintain pH at 7.2 to 7.6 and a free chlorine residual of 1 to 2 ppm using a reliable test kit.

IN CASE OF MEDICAL EMERGENCY, CALL 1-877-800-5553.

PHYSICAL OR CHEMICAL HAZARDS: Do not mix with other chemicals.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

NOTE: User assumes all responsibility for use not in accordance with directions.
