- Incredibly Low Prices
- Fast & Secure Delivery
- 30-Day Free Returns
- 24/7 Attentive Service

Premium Stainless Steel

The rollers and main body of this commercial hot dog machine are all made of stainless steel, ensuring firmness and durability for long-term use. The nonstick rollers are effortless for you to clean after cooking without any rust.

Dual Heating Control

The front panel is well-designed for switching among different functions simply. The power and light switches allow you to turn on or off the machine and light anytime you need. The dual knobs can adjust the temperature of the front and back rollers independently, so you can cook on the back rollers, while the front rollers keep the food hot.

Extensive Hot Dog Capacity

Featuring 7 rollers, this hot dog grill warmer can cook up to 18 hot dogs at a time, which is enough to serve your customers or entertain your family and friends. There are 2 extra hot dog clips for taking the grilled hot dogs conveniently.

360° Rotating Rollers

The hot dog rollers can rotate 360-degree for cooking and grilling all hot dogs uniformly. The 1050W motor greatly reduces the waiting time, and you can get a group of hot dogs within 15 minutes.

Thoughtful Details

The stainless steel drip tray can collect oil falling from hot dogs and is removable to clean. The interior LED light illuminates your food and provides convenience for your night operations. The air vents promote heat dissipation. And the nonslip feet maintain the stability of this machine during work.

Make Hot Dogs Anywhere

Our machine is suitable for home and commercial use, and it is widely applied in parties, bars, restaurants, and canteens for grilling hot dogs, sausages, egg rolls, taquitos, etc.
