

DLC203AE

For Indoor Use

The DLC203AE is ideal for room cooling in any home or office. Honeywell evaporative coolers do not require power hungry components like compressors. The DLC203AE consumes only 175W* of power. Four fan speeds and oscillating louvers improve air circulation and provide an even distribution of cleaner, cooler air for rooms up to 300 Sq.ft*.

It comes packed with a honeycomb cooling media for optimum cooling, digital control panel for ease of use, a full function remote control that lets you operate your cooler from across the room and a timer lets you program it for auto off when needed. The 5.3 Gal** water tank is easy to refill. If you would like to enhance the cooling performance, add four ice packs in the water tank.

Product Dimensions (in): 13.7 (W) x 15.3 (D) x 34.2 (H)
Net Weight: 29.9 lbs

Feather-Touch Control Panel and Remote Control

Easy-Access Honeycomb Cooling Media and Washable Dust Filter

Dedicated Ice Packs for Colder Air

Set It and Forget It Timer

FEATURES & BENEFITS

Low Power Consumption
175 W*

Water Capacity
5.3 Gal**

Cools Up To
300ft² (28 m²)*

Powerful Air Flow
500 CFM (850 m³/hr)*

4 Speeds:
Ultra Low / Low / Med / High

Low Water Alarm

Water Fill Door

Wheels for Easy Mobility

Honeycomb
Cooling Media and
Mesh Filter

Energy Saving Off Timer
