Patent No.
USA - 10,145,503

Patent No.
China - ZL 2015 2 0838239.6

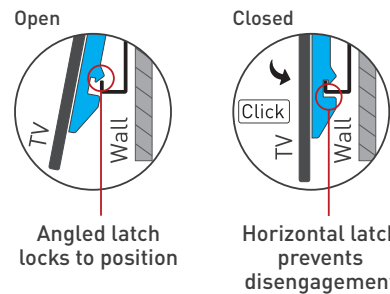

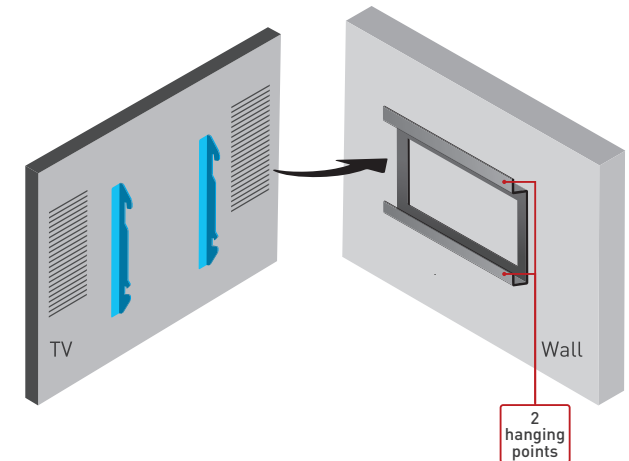

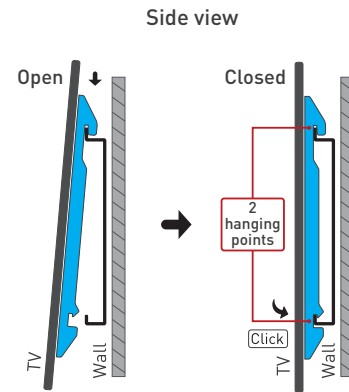

Auto locking safety mechanism

Patent No.
USA - US 10,018,299 B2

Patent No.
China - ZL 2016 2 0900211.5

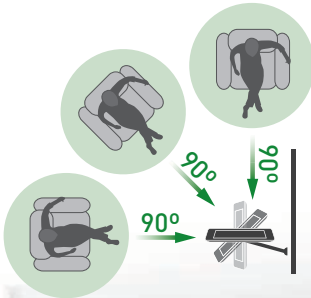

- Automatically prevents disengagement of the screen, unlike a screw locking mechanism which normally is not performed
- No wires or moving parts that can fail or break as in spring locking mechanism
- 2 hanging points compared to only 1 in most other systems

Color code movements

The secret for ultimate viewing:
“line of sight” is perpendicular (90°) to screen

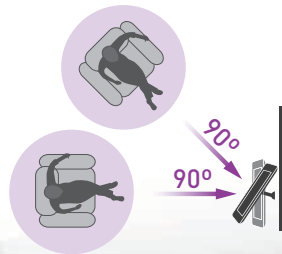

Full Motion

4 Movement | 3 Movement
Wide range of viewing angles
for various sitting positions

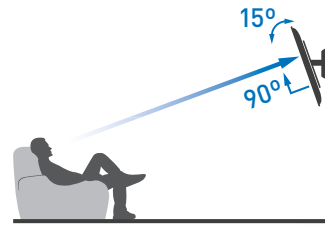

Swivel & Tilt

Two adjacent viewing positions

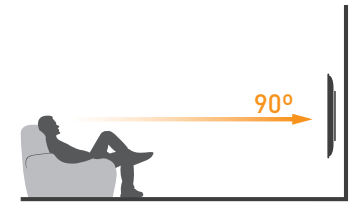

Tilt

Viewing position facing
the screen center above eye level

Fixed
