

Candy Apple Bromeliad

Sunlight

Prefers full sun to partial shade

Water

Keep soil moist, but not soggy - do not let plant sit in water

Pet Friendly

Yes

Mature Size

Height: 12-18"
Width: 18-26"

Air Purification

Excellent - removes over 6 airborne pollutants

Plant Hardiness

Outdoor: Zones 9-12
Indoor: ANY ZONE

Indoor Care Tips

Use a shallow and well-draining pot with a porous orchid or succulent mix

Outdoor Care Tips

- Plant in well-draining area; in-ground, a planter, in trees or rocks
- Shallow roots allow your plant to be easily relocated
- Bring indoors when temp goes below 55° F

Expert Advice

- Relatively pest resistant
- Loves humidity
- Serrated leaves - wear gloves
- After blooming, plant dies and new pups emerge at base and grow into new plants
