

# DUNE MOONS™

**DELUXE**  
AERODYNAMIC FLYING DISCS

**3** MEGA Sizes

12" Mother Hover™  
14½" Mother Hover™  
18" MEGA Mother Hover™

**NEW - 12"**

The high-flying Dune Moons™ aerodynamic flying discs are a great addition to Emsco Group's growing sports products program.

Dune Moons have high-quality, engineered-resin construction and, unlike other popular discs, Dune Moons are manufactured in the USA – not Mexico.

These aerodynamic flying discs are larger and heavier than standard discs making them more stable in winds. They are available in three Mega sizes. Each disc is as individual as its user. The exclusive Tie-Dye coloring makes each disc different from any other.

Dune Moons are available individually packaged for hanging or in a floor display. Graphics for each are cool and contemporary.

**#1162 - 12" Mother Hover™**

UPC: 0 72358-01162 0  
Pack: 12  
Lbs: 7  
Cube: .73
