300Z LARGE TUMBLER
HEAT PRESS ACCESSORY

Heat transfer printing of two mugs

PULL-OUT DRAWER

Easier to place shirts and prevent burns

The upgraded 30oz large tumbler press attachment can hold two standard-sized mugs, making your work more efficient! Our heat press machine features a pull-out drawer design to enhance safety, preventing burns when placing and removing items.

DUAL-TUBE HEATING

Fast & Even & Save Time - Better Printing Effect

OURS

✓ Even Heat Distribution

✓ Faster Heating

✓ More Durable

OTHERS

✗ Uneven Heat Distribution

✗ Slower Heating

✗ Non-Durable

The heat transfer machine features dual tube heating technology, which distributes heat more evenly. This design improves ironing results and speed by ensuring a more uniform temperature distribution and maintaining stable heating, delivering consistent and efficient outcomes every time.

TEFLON COATING

Prevent scorching and burning
Non-Stick surface

NON-SLIP
RUBBER HANDLE

Effortless operation

360° ROTATION DESIGN

Prevent accidental contact with
heating plate

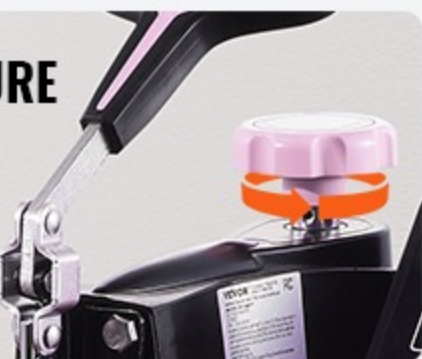

PORTABLE HANDLE

Easy mobility

ADJUSTABLE PRESSURE

Adjust pressure based on
material thickness

2-LAYER
INSULATION COTTON

Safe and anti-scald
Stable and even press

The new stylish color scheme matches various decor styles. The 360° swing-away arm can move to the side, avoiding accidental contact with the heating plate. The shirt press's user-friendly details provide a more convenient, safe, and comfortable experience.

SIMPLE OPERATION, JUST 4 STEPS

1

Set the appropriate pressure, temperature and time

2

Rotate the plate and align it with the bottom plate

3

Press down the handle firmly onto your item

4

Pull out the drawer and take out your finished product

With simple parameter settings, you can adjust pressure, temperature, and time to suit different materials and design needs, ensuring flawless transfers. After pressing, the pull-out drawer of the heat transfer machine allows users to retrieve their creations without worrying about burns.
