

## 6200 Series Fiberglass Single Sided Step Ladders

The Werner 6200 Series Step Ladders are design for professional contractors and industrial users. With a duty rating of 300 pounds, this series features a HolsterTop with the Lock-In System to secure tools from falling while keeping them right at hand. These ladders offer a full set of rear horizontals and heavy duty internal spreaders. All steps are knee braced and the foot pads are riveted to the EDGE® structure. The EDGE bracing system helps protect the rail from damage. Each TRACTION-TRED® step is slip resistant and double riveted. Fiberglass rails are non-conductive for working near electricity.

### Features

- Back-up plates to reinforce top connectors
- Designed for one person jobs
- Every rivet backed up by metal plate or washer to protect fiberglass
- Full set of rear horizontals
- Internal Spreaders
- Molded braces
- Shoulder bolt and nut on top hinge
- Slip-resistant Traction-Tred steps all knee braced
