IMPORTANT

1. Do not tighten bolts / screws completely until all bolts / screws are lined up and inserted into holes.

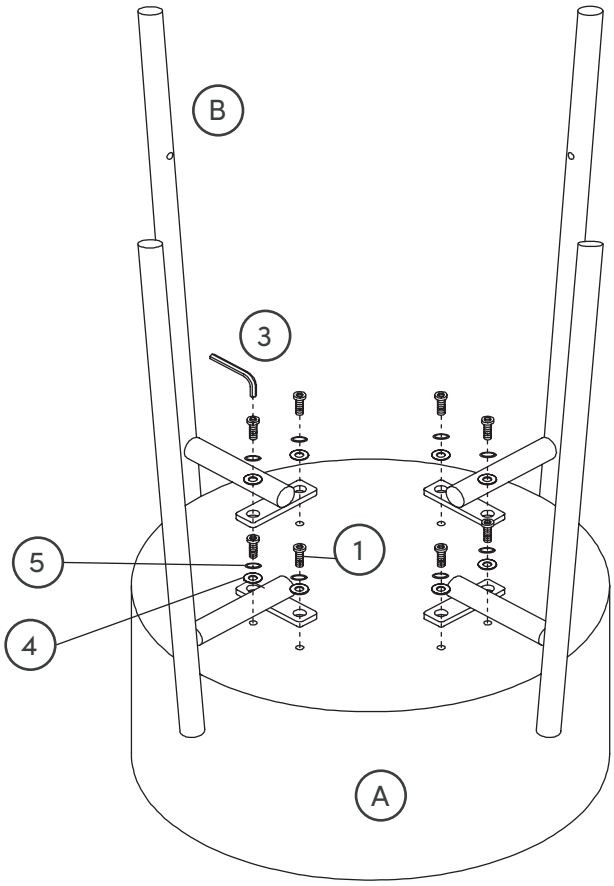

2. Do not over tighten screws and bolts to avoid stripping.

3. Please use hand tools to assemble this product. Do not use power tools.

Step 1

Let's get this thing started! Don't worry, this gonna be quick and easy.

First things first, attach the Legs (B) to the Seat (A). Place the Flat Washer (4) down first, then the Spring Washer (5) on top of the Flat Washer, and then tighten the M6*20mm Bolts (1) to 75% using the Allen Key (3).

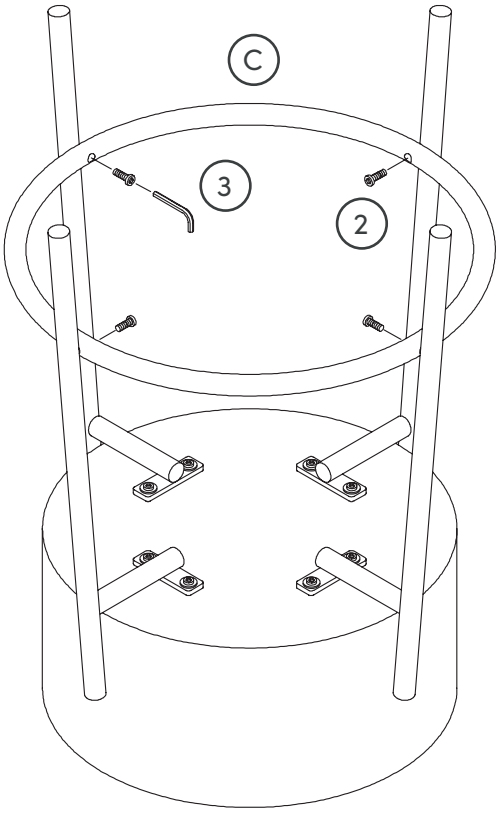

Step 2

Guess what, you're almost done! We weren't kidding when we said this would be quick.

Now it's time to attach the Foot Rest (C) to the stool by using the M6*30mm Bolts (2). Tighten using the Allen Key (3).

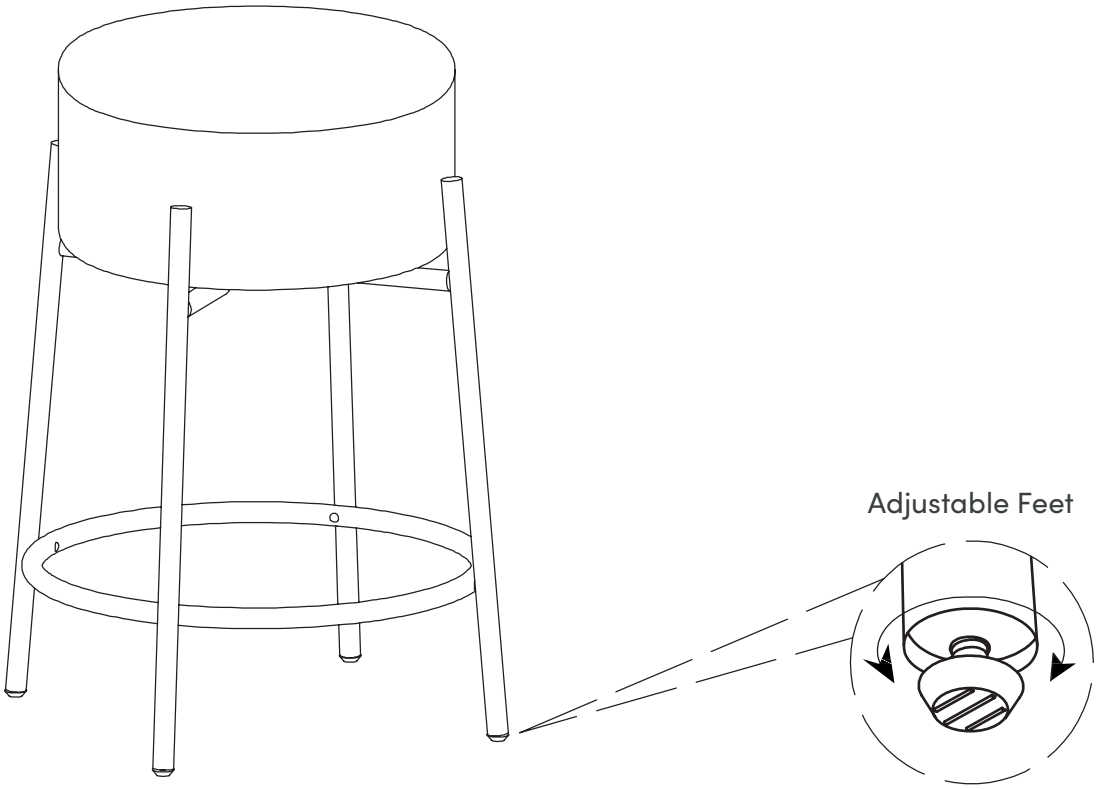

Once ALL bolts are aligned, go ahead and tighten them all to 100% *(including those from Step 1)*

Step 3

Now it's time for the finishing touches. Tighten or loosen the adjustable feet to be sure your new bar stool is level.

And that's it, you're done! Time to order some celebratory pizza.

Replacement

You

We really don’t want you to go through the hassle of re-packaging your item and sending it back, because let’s be honest...nobody has time for that.

Safety first, fun later

We want your bar stool to last as long as possible, so we recommend that you tighten the screws 2 weeks after assembly and for added safety check the tightness of all screws every 2 months.

For proper care and treatment please check our website at **NathanJames.com/products**
