

The NXT1A Fiberglass single sided stepladder is now loaded with new advanced features. Multi functional HolsterTop® PRO keeps tools organized and safe on the ladder top. A magnetic strip and hardware bins keep parts and tools easily accessible and secure. The right handed drill hammer slot and pipe channel are conveniently located for ease of use. Comfortable slip resistant steps. The EDGE 360™ provides protection from every angle. The EDGE bracing system, oversized foot pad and rail shield, provide added rail protection. Great for electrical jobs. New great features and a robust 300 lbs. load capacity to maximize your productivity.

Features

- 4 rivets attach top to each front rail
- Back-up plates to reinforce top connectors
- Designed for one person jobs
- Every rivet backed up by metal plate or washer to protect fiberglass
