

Cool App Features

Control your AC from anywhere with our app!

POWER

Turn your AC on before you get home or shut it off remotely in case you forget.

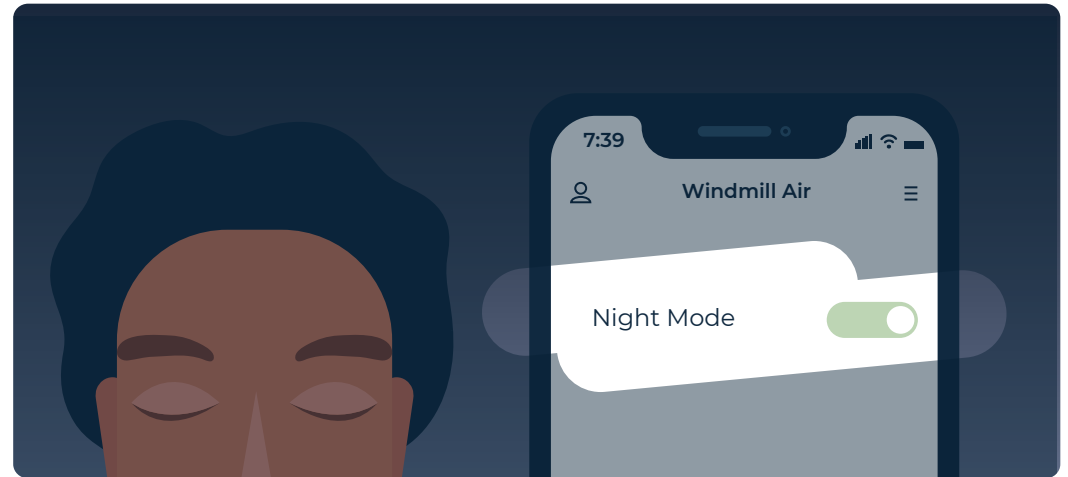

SETTINGS

Set your perfect home environment while you're out. Control modes, fan speed, temperature, and more.

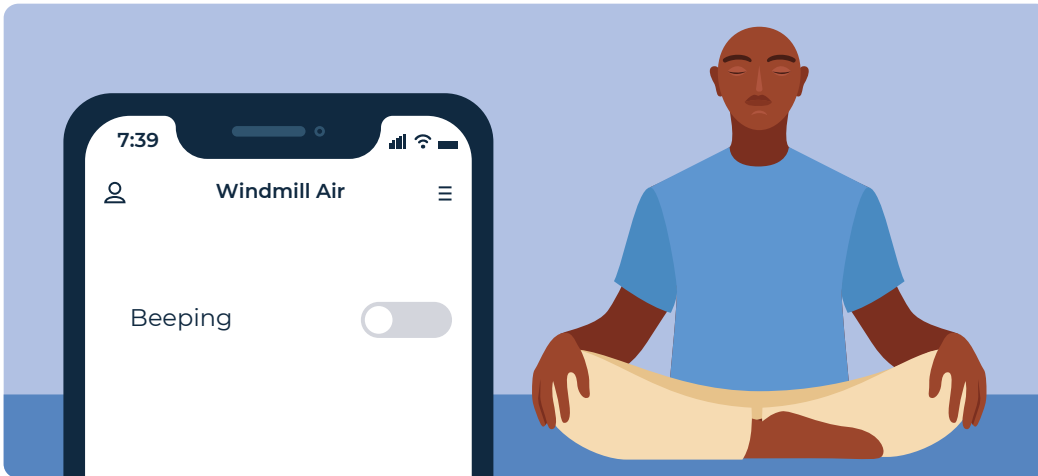

NIGHT MODE

Turn off the lights on the AC's display and control panel, so you can sleep peacefully at night (the display light fades after 1 minute).

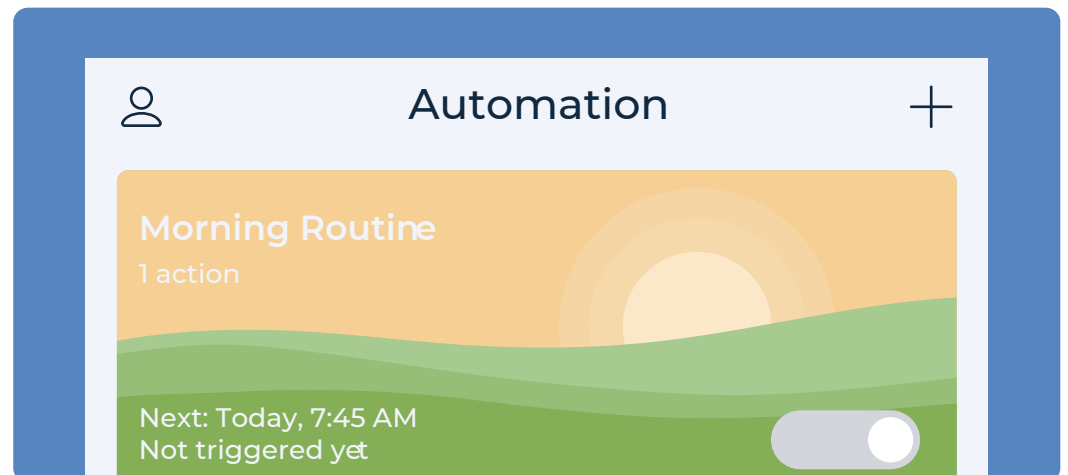

QUIET MODE

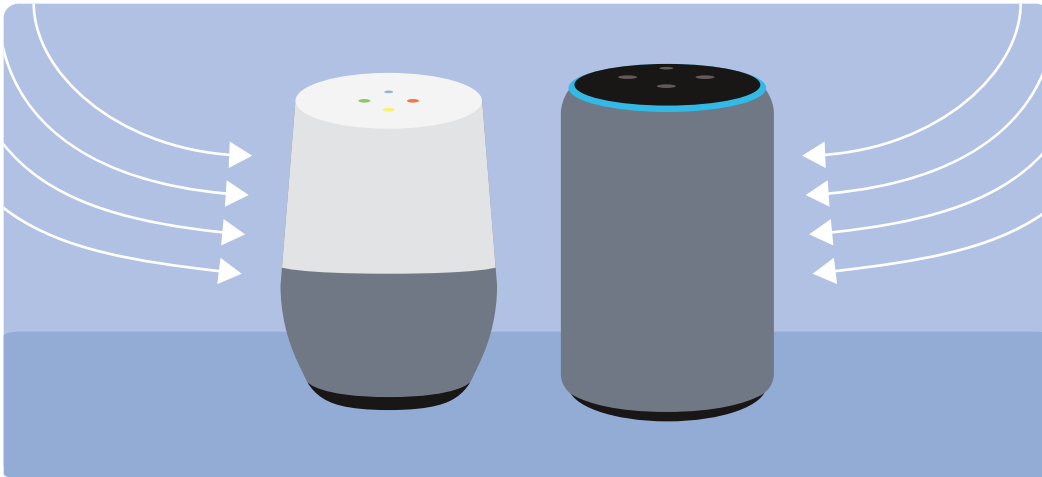

Turn your AC's beeping noise on and off at your convenience.

AUTOMATIONS

Set a schedule for your AC to automatically turn on (and off) on whatever settings you prefer.

VOICE COMMANDS

Use Google Assistant and Amazon Alexa to control your AC with your voice.

HOME MANAGEMENT

Share your AC with family members, roommates, or guests.

ENERGY MANAGEMENT

Monitor the power consumption of your AC in realtime.

... and more!
