Solid Whitewood Radiant Pine, Solid maple door

Mounting:

Mount by using construction adhesive on the back of the frame overhang, or by screwing into studs on both sides of the wall opening

Finish:

Can be unfinished, or finished in any one of our 30 colors, or your custom paint color.

Features:

- ✓ Solid wood construction – screwed together to last a lifetime, especially in a humid bathroom environment!
- ✓ Handcrafted right here in the USA, in sunny Sarasota, Florida!
- ✓ Five fully adjustable glass shelves
- ✓ Solid pine box is already finished with white enamel inside regardless of which door finish or model you choose
- ✓ Solid Maple Raised panel style door
- ✓ Blum concealed hinges with soft close feature built in
- ✓ Easy installation – simply screws to the studs on each side of the opening using included screws. Four mounting screws for super secure mounting
- ✓ Our unique, patented design of shelf supports keeps the glass shelf in place. Because the shelves slide in through the front, the shelves can't fall off and can't move, but you can still adjust them anytime you want.
- ✓ Various finish choices for the door – Unfinished stain grade, Primed and ready to paint, or finished for you in one of our colors!
- ✓ Doors are reversible – we don't drill for the knob, so you could mount the door on either side as desired.
- ✓ Only requires two screws to mount the door!
- ✓ Five depths available: 2.5", 3.5", 5.5", 7.25" or 11". Custom depths also available.

FRAMED 3.5" deep models (5" overall depth)

These models have a frame which is $\frac{3}{4}$ " larger all the way around than the cabinet box itself which is there to cover the edges of your rough opening in the drywall.

Total projection from the wall surface is 1.5" including frame and door.

These models can be secured either using construction adhesive on the back side of the frame overhang, or by screwing to the studs on both sides. Either way works equally well and will support much more weight than you could ever put in the cabinet.
