

LumaBase® Battery Powered Luminaria Kit

Family and friends will feel welcomed to your home with beautifully illuminated luminarias lining the walkway. Unique and easy-to-use, these classic luminarias include a convenient 5 hour timer in the LumaLite battery light. No matter what the occasion, LumaBase has a variety of luminaria kits to choose from and made with quality materials that won't break your budget.

Product Details

- **LumaLite** battery powered light: 3.125" x 3.125" x 2", molded plastic polystyrene, amber flickering light, timer 5 hours on/19 hours off, uses 3 AA batteries, not included
- Luminaria bags: 6" x 3.5" x 10", weatherproof, weather resistant, translucent plastic, folds up just like a paper bag
- Can be used indoor and outdoor
- Includes 6 LumaLite battery powered flickering LED lights and 6 plastic bags

Description

The plastic bags are 6" x 3.5" x 10" when set up, and made of a polystyrene material, making them weather resistant. The plastic is translucent to allow a natural and pleasing overall glow. The bag construction has a straight cut top and is sealed along the side so not to interfere with any bag design. When the LumaLite is loaded with 3 AA batteries, it provides weight to anchor the luminaria bag.

LumaLite LED light provides bright flickering amber light for over 360 hours and includes a convenient

5 hour timer. Turn the light on at 6pm one evening, it will turn itself off at 11pm and then turn itself back on at 6pm the following day.

Uses

- Our weatherproof bags and the LumaLite timer feature makes this kit one of our most popular luminaria

- Luminarias are a tradition to line your walkway, patio, driveway, deck, sidewalk and poolside for a party, special celebration, winter and summer holidays or for year round outdoor decor

- Luminarias are ideal for decorating and illuminating for a wedding, winter holiday, summer barbecue, Halloween, family reunion, new years eve, birthday party, fund raising or outdoor living

- The LumaLite can be used on it's own on table settings, window sills, mantels, and in Jack O'Lanterns, decorative lanterns and plastic luminaria bags
