10000 Lumen Led work Light

With 10000 lumen high-intensity light and 5000 kelvin color temperature, this led work light can illuminate a large area and cover most working sites, indoors and outdoors.

IP65 Waterproof

The led tripod work light is IP65 class waterproofed, therefore it can be used in harsh environment like rainy days. The bulbs are sealed by two housings to keep out dust.

Adjustable & Foldable Tripod

The tripod stand's height extends from 27.6" / 700mm to 68.11" / 1730mm, you can use the tripod to lift the light for wider vision or fold the tripod for storage when it's not needed.

Easy to Operate

You can put the led light on the tripod to gain a higher view or detach from it for separate use, you can also rotate the light around vertically or horizontally to cover different area.

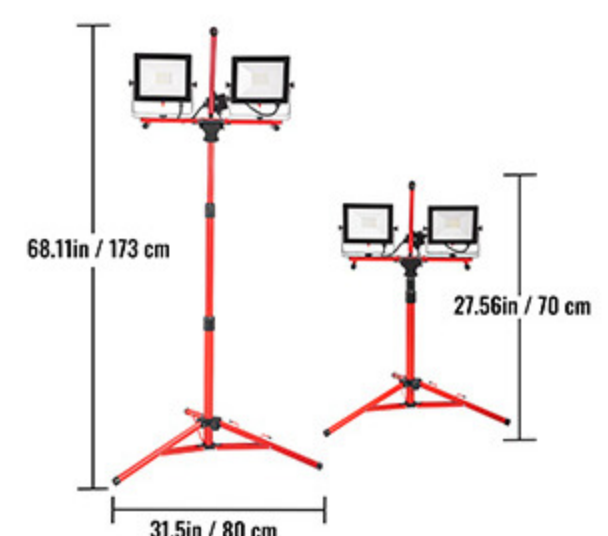

Huge Convenience

The vial enables the light to stay leveled, the switches control the dual-head light bulbs independently; the handle helps you carry the item easily and the connecting device offers quick assembling.

Wide Application

With two super bright light bulbs, our work light with stand can be widely used in most places, such as your yard, home basement, garages, construction sites, etc.
