Increase airflow at home or in your workplace without sacrificing floor space with this Hurricane® Supreme 16 inch Oscillating Wall Mount Fan. It's ideal for homes, greenhouses, garages, workshops, gyms and other areas with limited floor space. Control the 3-speed optional settings with its low hanging pull cords, or with the turn dial. The wall fan's quiet, yet powerful motor will generate all the airflow you want, without the noise. The fan 90° side-to-side oscillation and adjustable tilt make it easy to change direction. Fan may also be locked in a non-oscillating position. As an industry leader in fans, these wall mount Hurricane Fans feature chemical resistant polypropylene blades, a powder-coated steel grill and a steel support neck to ensure long-lasting durability in almost any environment—damp or dry. Great output with 1250 RPM and airflow of 2118 CFM on high. Comes with a 5-foot power cord. ETL Listed. Hanging bracket included.

Adjustable Tilt & Fan Direction

The Hurricane Supreme Oscillating Wall Mount Fan allows you to easily change the fan’s positioning (up/down) and direction.

3 Quiet Speeds

Set and control your fan speed for optimal air flow and comfort. The quiet, yet powerful motor will create a cooling breeze. Perfect for your apartment, office, dorm or other small or larger areas.

Easy Pull Cord Controls

One pull cord allows you to set the desired speed or turn the fan on/off. The other pull cord controls oscillation, making it easy to adjust for the ideal air flow.
