# Glass Protection

Factory applied glass treatment from Holcam bath and shower enclosures protects glass against dirt, grime and soap scum that can stain, etch or discolor the surface. Glass treatments leave an easy to clean surface with characteristics very similar to a non-stick frying pan. The ultra-thin coatings are completely invisible and do not change the look or finish of the surface.

Tratamiento de vidrio que se aplica en fábrica de los cerramientos para duchas y baño Holcam que protege el vidrio contra la suciedad, la mugre y la capa de suciedad del jabón que puede manchar, marcar o decolora la superficie. Los tratamientos para el vidrio dejan una superficie fácil de limpiar con características muy similares a la sartén antiadherente. Los revestimientos ultradelgados son completamente invisibles y no cambian la apariencia ni el acabado de la superficie.

- Keeps glass looking like new / Mantiene el vidrio con una apariencia nueva
- Reduces water spots (limescale and mineral deposits) / Reduce las manchas de agua (depósitos de calcio y minerales)
- Is always easier to clean / Siempre es más fácil de limpiar
- Stays cleaner for longer / Permanece más limpia por más tiempo
- Significantly reduces the growth of bacteria / Reduce significativamente el crecimiento de bacterias

## HDGLASS

**High Definition Glass** is a new high resolution printed glass available from Holcam. HD Glass provides a new medium for artistic expression while enabling control over all architectural and decorative glass properties. The versatility of digital printing combined with durability of ceramic inks makes HD Glass the preferred choice for any artistic glass application.

El vidrio de alta definición es un vidrio nuevo con impresión de alta definición disponible de Holcam. El vidrio de alta definición ofrece un nuevo medio para la expresión artística al permitir el control sobre todas las propiedades de vidrio decorativas y arquitecturales. La versatilidad de la impresión digital combinada con la durabilidad de la tinta de cerámica hace que el vidrio de alta definición sea la elección preferida para cualquier aplicación de vidrio artística.

**GridTech**  
Gridtech creates a divided lite on a single piece of glass for easy cleaning and care.

# Measuring Guide

## How to measure

## Cómo medir

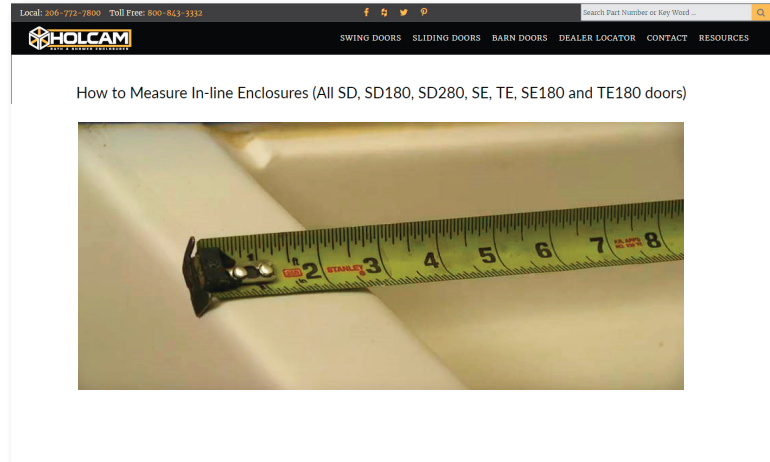

To simplify measuring and help expedite ordering and production, please watch the How-To-Measure video for your enclosure configuration and follow the simple, step by step, measuring guide.

Visit [Holcam.com](http://Holcam.com) for resources on how to measure your shower or tub enclosure opening.

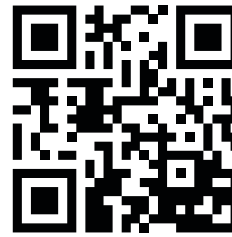

To simplificar la medición y ayudar a que el pedido y la producción se agilicen, vea el video de Cómo medir para la configuración de su cerramiento y siga la guía de medición simple, paso a paso.

Visite [Holcam.com](http://Holcam.com) para obtener más recursos sobre cómo medir la abertura del cerramiento de la tina o de la ducha.

## Video

[holcam.com/how-to-measure](http://holcam.com/how-to-measure)

**HOLCAM** *How to Measure Tub or Shower Stall*  
Scan QR to watch the video and download this measuring form

Watch the Video and measure your shower or tub stall ... follow these simple steps...

1. Mark **Centerline** of Unit on masking tape on with water based marker
2. Determine and Mark the **Max Height** at the top of the unit
3. Measure the wall to wall distance at the **Bottom** of the unit
4. Determine if Threshold is **Level** or if it **Drops**
5. Measure the wall to wall distance at **Middle** of the unit
6. Measure the wall to wall distance at **Top** of the unit (at max height)

7 (a-b) **Left Wall:** Determine if there is a gap between the wall and level at the top or bottom of the enclosure  
7 (c-d) **Right Wall:** Determine if there is a gap between the wall and level at the top or bottom of the enclosure  
8. Is the showerhead on the left wall of unit or on right wall, or both. If rain shower, put note in Comments

Watch the video and record your measurements by the numbers. Include unit information as well, concerning model number, metal finish, glass type, etc.

#7a Wall Leans (or leave blank)	#8 Showerhead Location Left Right	#7c Wall Leans (or leave blank)	Model Number:

#### **Holcam Lifetime Warranty**

Holcam Bath & Shower Enclosures offers a limited Lifetime Warranty on its units and a five (5) year Limited Warranty on Holcam's exclusive Heavy Glass Hardware (see website for complete details). Other manufacturers' lines of heavy glass hardware distributed by Holcam have a three (3) year limited warranty. Protect your glass against permanent water stains by adding glass protection with a five year, ten year or lifetime warranty (see page 14).

#### **Garantía de por vida Holcam**

Los cerramientos para baño y ducha de Holcam ofrecen una Garantía limitada de por vida para sus unidades y una Garantía limitada de cinco (5) años para los aditamentos de vidrio pesado exclusivos de Holcam (consulte el sitio web para obtener todos los detalles). Las otras líneas de los fabricantes de los aditamentos de vidrio pesado distribuidos por Holcam cuentan con una garantía limitada de tres (3) años. Proteja su vidrio contra las manchas de agua permanentes al agregar protección para el vidrio de cinco años, diez años o la garantía de por vida (consulte la página 14).
