# One Person, Hands-Free

# Installation Instructions

FOR VIDEO DEMONSTRATION, SEE THEDOORSTUD.COM

With the door on its side, fasten each Door Stud to the bottom of the door panel and engage the red toggle clamp to ensure the panel is secure.

Bring the door to the desired position by adjusting the Door Stud handles simultaneously, two at a time. Roll the door into position to complete installation.

When installation is complete, open the door panel and release the red toggle clamp on each Door Stud. Slide the Door Stud out from under the panel to complete the process.
