Rubber mallet

Star-head
screwdriver

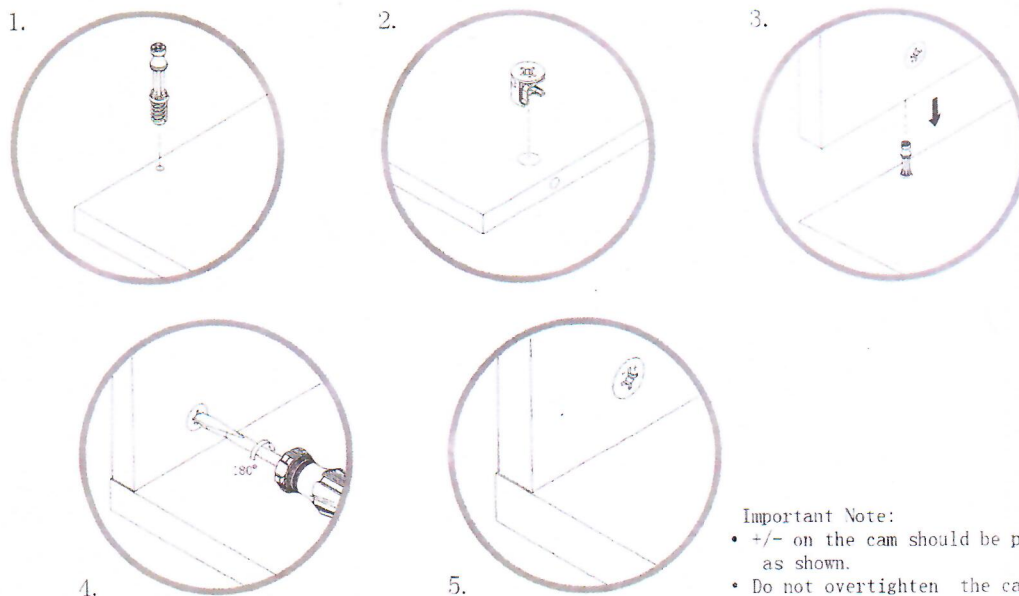

2 people

- Read each section carefully before starting. It is very important that each step be performed in the correct order. If these steps are not followed in sequence, assembly
- Make sure all parts are included. Most board parts are labeled or stamped on the raw edge.
- Work in spacious area, preferably on a carpet, near the place the unit will be located.
- Do not use power tools to assemble your furniture. Power tools may strip or damage the parts.

HELPFUL HINTS

- Identify, sort and count the parts before beginning assembly.
- Compression dowels should be tapped in with a rubber mallet.
- Back panels provide stability and support.
- Unit may collapse without the back panel installed.
- Clean the product with your choice of furniture polish and a soft cloth. **DO NOT USE** harsh chemicals or abrasive cleaners.
- Move your new furniture carefully. Two people are needed to lift and carry the unit to its new location.
- Never push or drag your furniture (especially on a carpet).

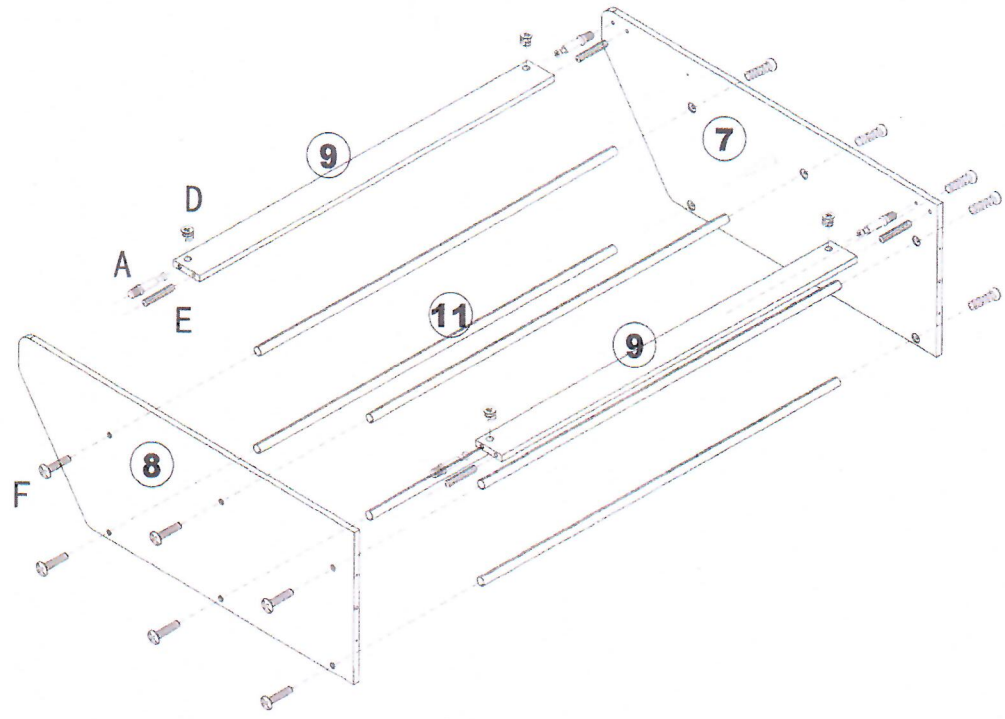

This illustration shows how the cam-fastening system works.

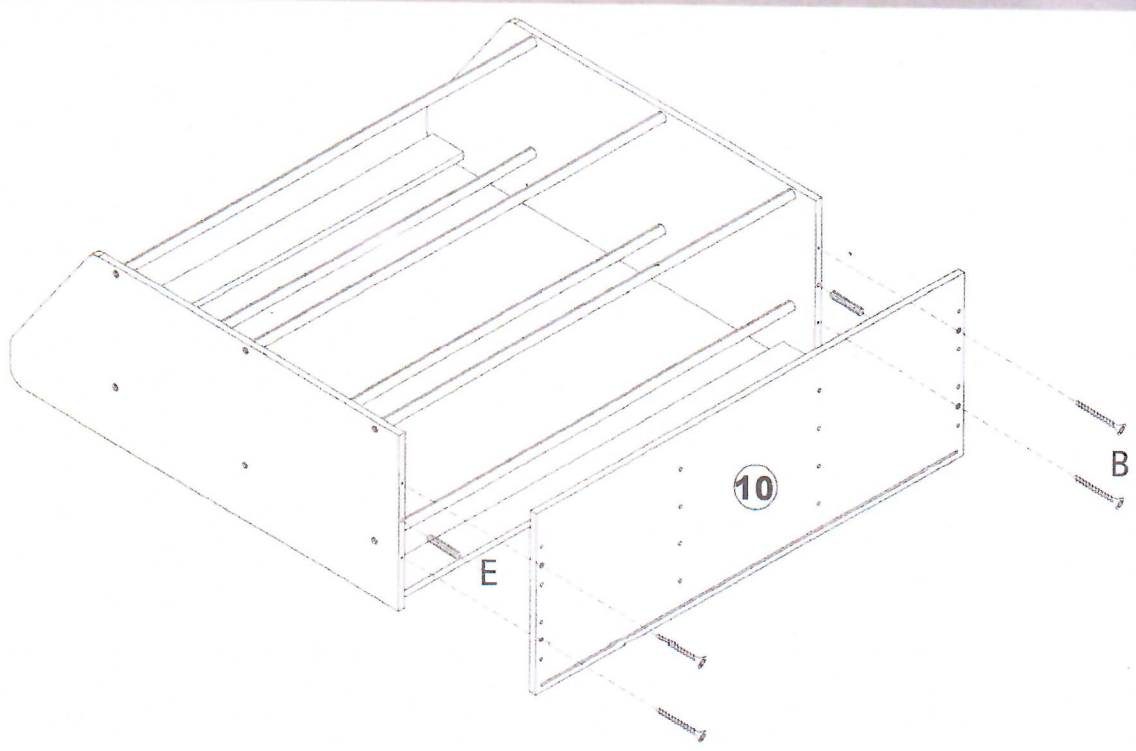

Important Note:

- +/- on the cam should be positioned as shown.
- Do not overtighten the cam bolt.
