

This quick reference guide to laundry accessories will help to make sure you have what you need for a successful installation in just 3 easy steps.

Step 1 Find the model number of the washer and dryer you are purchasing. An underscore in the SKU “_” indicates the model is available in multiple colors. Confirm color availability for the pair you are purchasing and be sure to order the same color for the washer, dryer, and pedestals (if desired).

Step 2 Read the information on required and optional accessories to determine your needs and prepare yourself by knowing the answers to the following questions.

- Gas or electric dryer?
- Side-by-side or stacked installation?
- If a side-by-side installation, do you want pedestals?
- If purchasing a gas dryer, is your home natural gas (NG) or liquid propane (LP)?

Step 3 Identify the items you need to purchase for your washer and dryer. Items in red with a check box need to be purchased separately.

Where to Buy?

Required Accessories

Purchase from dealer links, in-store with unit purchase, or if part is available, click the LG parts & accessories button.†

Optional Accessories

Purchase by clicking the LG parts & accessories button† call 1-800-243-0000.

Required Accessories
Purchase from dealer links, in-store with unit purchase, or if part is available, click the LG parts & accessories button.†

LG Parts & Accessories

What do I need to buy to install the Washer?

What do I need to buy to install the Dryer?
(Note: Venting ductwork is not provided and should be purchased separately. Gas dryers must vent to the outside. For gas dryers, your laundry room must have a rigid gas supply line to your dryer.)

If ordering a "DLG" Gas Dryer and your home uses Liquid Propane (LP) instead of Natural Gas (NG), order an LP Conversion Kit.

STEP 3: IDENTIFY THE ITEMS YOU NEED TO PURCHASE FOR YOUR MODEL NUMBER
