Ripple Series
Wavy Surface Glass Tile

PRODUCT DETAILS AND SPECIFICATIONS

Ripple Series

About the series...

Elevate your space with the Ripple Series, a collection of premium glass tiles designed to bring movement and depth to your walls. Inspired by the gentle rippled surface of glimmering water, each tile features a distinctive undulating surface that transforms static surfaces into a dynamic visual experience.

Unlike traditional flat glass, the Ripple Series is defined by its organic, high-gloss texture. The varying peaks and valleys on the tile surface catch and refract light from every angle, creating a soft, luminous glow that shifts throughout the day. This "liquid" effect adds a layer of sophisticated luxury to both contemporary and transitional interiors.

Key Features

Dimensional Surface
The signature "ripple" texture provides a tactile, artisanal feel that mimics hand-poured glass.

Reflective Brilliance
The polished glass finish maximizes natural and artificial light, making even small spaces feel bright and expansive.

Versatile 6x12 Format
This oversized subway profile offers a modern twist on a classic shape, allowing for fewer grout lines and a cleaner, more seamless installation.

Timeless Palette
Available in a range of serene, translucent tones—from crisp White Ripple to soft neutrals—designed to complement marble countertops, brass hardware, and natural wood accents.

Ideal Applications

Kitchen Backsplashes
Adds texture and easy-to-clean elegance behind the range.

Bathroom Retreats
Creates a spa-like atmosphere in showers or as a vanity feature wall.

Feature Walls
Use in commercial or residential lobby spaces for a high-impact, architectural look.

Pools and Spas
Perfect for waterlines and spa surrounds, where the textured glass mirrors the movement of water to create a seamless, shimmering oasis.

Popular Colors

Santorini White
Inspired by Aegean architecture, this crisp white tile uses a rippled surface to catch light and shadow, creating a luminous, airy backdrop that brings timeless movement to any space.

Pale Tint
Capturing the ethereal beauty of a crystal-clear spring, this refreshing, cool-neutral hue features a liquid glow, offering a subtle, sophisticated shimmer that transforms any space into a serene, spa-like retreat.

Limestone Gray
Capturing the serenity of a morning sky, this soft blue evokes calm, aquatic movement. The rippled glass makes walls shimmer like a still lake, perfect for tranquil, coastal-inspired kitchens and baths.

Powder Blue
Sun-drenched coastal sands, warm earth tones add organic richness to the series. This glowing, tactile surface pairs beautifully with natural wood, creating an inviting and sophisticated Mediterranean atmosphere.

Monteray Beige
Evoking sun-drenched coastal sands, this warm earth tone adds organic richness to the series. Its glowing, tactile surface pairs beautifully with natural wood, creating an inviting and sophisticated Mediterranean atmosphere.

Ripple Series

Jewelery for your home

The Ripple Series is more than just a surfacing material—it is an absolute treasure for those who see light and texture as essential design elements. These stunning showcase images capture the series in its most breathtaking light, demonstrating how the “liquid” glass surface transforms a simple wall into a living, breathing work of art.

Ripple Series

Available Sizes

The Ripple Series is available in three distinct formats, offering the flexibility to create everything from classic patterns to bold, architectural statements:

6x12
An oversized subway profile that modernizes a timeless look while reducing grout lines for a cleaner, more expansive feel. Perfect for bathrooms, showers and larger backsplashes to cover more area.

4x12
A sleek, elongated plank perfect for sophisticated herringbone patterns or contemporary vertical stacks. Slightly more narrow and suitable for backsplashes, smaller areas or where some subtly is desired.

12x12
A bold, large-format square that maximizes the surface effect, turning entire walls into seamless, shimmering works of art. Perfect for larger feature walls or backspalshes that are looking for th extra ‘wow’ in a square format

Quick Details
