Warranty

FIVE-YEAR LIMITED WARRANTY

Operation (continued)

Set up your Voice Assistant

the app cannot connect to it.

Limited Warranty: Guaranteed to last 5 years based on 3 hours use per day, 7 days per week. If this bulb does not last 5 years after date of purchase (based on 3 hours per day / 7 days per week) due to a defect in materials or workmanship, please bring the defective bulb and a receipt indicating proof of purchase to any Home Depot store. The Home Depot will provide a replacement or, at our discretion, a store credit for the value of the original purchase price. This warranty will be voided for misuse of product per the caution statement. Some states do not allow the exclusion of limitation or consequential damages, so the above exclusion may not apply to you. This warranty gives you specific legal rights and you may also have other rights that vary from state to state and province to province. Please see a store for more details.

5 Connect your bulb to power and follow the instructions on app screen.

This Hubspace bulb requires a 2.4GHz Wi-Fi network, which most routers provide.

Schedule Creating: Pre-schedule specific times when a connected bulb will turn off or turn on.

your router settings or move your product closer to your Wi-Fi router.

Control your lighting on the Hubspace app.

Color Changing: Select from a shade of white or full color spectrum.

Grouping Control: Turn off or turn on multiple bulbs at the same time.

The Hubspace app will only show Wi-Fi networks compatible with this bulb. If you do not see your Wifi network name when you attempt to connect your device, please check

FCC Regulation

Supplier's Declaration of Conformity
47 CFR § 2.1077 Compliance Information
Unique Identifier: 118R3065WRGRWH1(100

Responsible Party
Leedarson America, Inc.
300 Technology Court SE Suite 100; Smyrna, GA 30082

Contains FCC ID: 2AB2Q-MLA02302

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. Any changes or modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment.

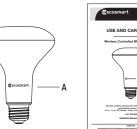

approved by the manufacturer could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: reorient or relocate the receiving antenna; increase the separation between the equipment and receiver; connect the equipment into an outlet on a circuit different from that to which the receiver is connected; consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body

Operation

1 Download the Hubspace[™] app from the App Store or the Google Play Store.

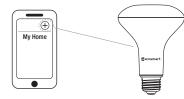

line of products available for your home improvement needs. Thank you for choosing EcoSmart!

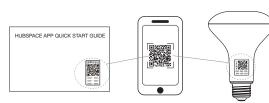

2 Create an account to sign in or login if you already have an account.

3 Tap '+' button in the upper right corner to add your bulb.

NOTE: Bluetooth access is required for device setup.

1 Scan the QR code on the bulb or Quick Start Guide.

NOTE:

If the QR code cannot be scanned, you can enter the code manually. Tap Enter Code and follow the instructions.

If you are unable to access the QR code, on the Scan Device screen, tap the Search button in the lower right corner and follow the instructions.

You can connect your smart bulb to Google Home and Alexa from the Hubspace app. Or, you can sign in to Alexa app or Google Home and connect to your Hubspace devices from there.

Troubleshooting Guide

Make sure your device is connected to a power source. Your Internet connection or Wi-Fi network may be down. My Hubspace device is not connecting to Wi-Fi. Make sure you have a 2.4GHz capable Wi-Fi network within range of the device you are trying to add. My device cannot find any Wi-Fi networks. My device is in a location that does not have Wi-Fi.

Yes. Use the app on a phone with an Internet connection like
LTE. The phone must be within Bluetooth range of your
Hubspace device. It is on the bulb housing. A copy of the QR code is also included in your device's documentation. I cannot find the QR code. The QR code has become damaged. How do I add Under the QR code are numbers. You can enter those in manually instead of scanning the code. Make sure the device is connected to power In the Hubspace app, tap +, then Add Device.
On the Scan Device screen, tap the Search button in the lower right comer.
Follow the instructions on-screen. I lost my QR code. How do I add a device? A device is on another account. How do I transfer it? Scan the QR code and it will transfer to your account. Make sure your Wi-Fi signal strength is sufficient. You may need to move your router, use mesh Wi-Fi, or Wi-Fi extenders. My device is offline for long periods of time. Turn off Bluetooth on your phone and turn it back on. Then, The device is on and I scanned the QR code, but

Can I scan the same QR code to add multiple products? No. Each product has a unique QR code.
