Important Safety Instructions

READ ALL INSTRUCTIONS BEFORE USE

To reduce the risk of injury to persons:

1. Close supervision is necessary when this furnishing is used by or near children, or disabled persons, if applicable.
2. Use this furnishing only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.

DANGER: Keep children and parts away from the assembly area.

WARNING: To avoid destroying the finish, please handle the surface by using a soft cloth instead of your bare hands. Due to the nature of iron, surface oxidation (rusting) will occur once these protective coatings are scratched. We recommend immediate touch-up with rust inhibiting paint (not included).

CAUTION: Do NOT over tighten any of the bolts or nuts.
