**Thank you for purchasing K&H Manufacturing's EZ Mount Penthouse™. When used correctly your EZ Mount Penthouse™ should provide years of hassle-free comfort and window viewing for your cat.**

### Putting Together Your EZ Mount Penthouse™

- 1** Remove Penthouse from the box and lay it out to become familiar with the unit. There are 6 suction cups included. Two are located on the bottom of the Penthouse, 2 on the top (fleece roof), and 2 on the straps.
- 2** Thoroughly clean your window and all suction cups for proper and sturdy adhesion.
- 3** Line up the bottom suction cups and press firmly against the window.
- 4** Line up the top suction cups and press firmly against the window.
- 5** Make sure your unit is level and straight. You can adjust the suction cups by peeling them off and pressing firmly back on the window.
- 6** Once the unit is positioned correctly on the window, pull the straps up and push the suction cups firmly against the window.

#### K&H Limited One Year Warranty

**Our warranty is as follows:** K&H Manufacturing warrants to the original consumer, that this product will be free of defects and workmanship for a period of one year from the date of purchase. The manufacturer's liability hereunder is limited to replacement of the product. This warranty is void if the product has been damaged by accident, unreasonable use, neglect, tampering, or other causes not arising from defects in material or workmanship.

**To exercise your warranty:** If, during the warranty period, your product malfunctions, return it to the place of purchase with your **original purchase receipt**. If this cannot be done, return the product, postage prepaid, to K&H Manufacturing, with **dated proof of purchase or original date receipt**. A return authorization number, obtained by calling (719) 591-6950 must accompany all returns to manufacturer. Please include a note explaining the problem when returning the product.

**Caution:** As with any suction cup, debris, temperature changes, sunshine and excessive use can weaken the holding power. We recommend removing the suction cups at least once per month to clean the window area, clean the suction cups and then re-install them for optimal strength.
