

Cuisinart®

INSTRUCTION BOOKLET

Cuisinart® Juice Extractor

CJE-1000

For your safety and continued enjoyment of this product, always read the instruction book carefully before using.

IMPORTANT SAFEGUARDS

When using any electrical appliance, basic safety precautions should always be followed, including the following:

1. **READ INSTRUCTIONS THOROUGHLY**
2. **Always unplug unit from outlet when not in use, before putting on or removing parts and before cleaning.**
3. To protect against electrical shock, do not immerse the juice extractor motor housing in water or other liquids.
4. When any appliance is used by or near children, supervise closely.
5. Avoid contact with moving parts.
6. If the juice extractor has a damaged cord or plug or malfunctions, **DO NOT OPERATE.** Contact our Customer Service Center to return for examination, repair or adjustment.
7. Using accessory attachments not sold or recommended by the manufacturer can cause fire, electric shock or injury.
8. Do not allow the power cord to come into contact with any hot surfaces, including stove, or to hang over table edge or counter.
9. Before turning the motor on, always make sure juice extractor cover is properly positioned and securely in place. Do not open cover while the juice extractor is in operation.
10. Switch to OFF position after each use and be sure the motor stops completely before disassembling.
11. Do not put fingers or other objects into the juice extractor opening while it is in operation. If food becomes stuck in the opening, use food pusher or another piece of fruit or vegetable to push it down. Or turn the motor off, unplug the cord and disassemble the unit to remove the remaining food.
12. If the rotating sieve is damaged, do not use.
13. Always make sure the juice extractor cover is properly positioned and secured before motor is turned on. If it is not, the safety interlock will not operate. Do not loosen cover while the juice extractor is in use.
14. Not designed for outdoor use.
15. Appliance should be plugged into a 120V household outlet only.

16. The appliance is wired for domestic use only.
17. Do not use the appliance for anything other than the intended purpose, as outlined in the instruction booklet.
18. Never juice with the spout in the closed position.
19. Do not operate without the pulp container in place.
20. Do not operate your appliance in an appliance garage or under a wall cabinet. **When storing in an appliance garage always unplug the unit from the electrical outlet.** Not doing so could create a risk of fire, especially if the appliance touches the walls of the garage or the door touches the unit as it closes.

SAVE THESE INSTRUCTIONS

HOUSEHOLD USE ONLY

No user-serviceable parts are inside. Do not attempt to service this product.

Maximum rating of 1000 watts is based on the food chopper attachment that draws the greatest power. Other recommended attachments may draw less power.

A short power supply cord is provided to reduce the risk resulting from becoming entangled in or tripping over a long cord. **AN EXTENSION CORD MAY BE USED WITH CARE: HOWEVER, THE MARKED ELECTRICAL RATING SHOULD BE AT LEAST AS GREAT AS THE ELECTRICAL RATING OF THE JUICE EXTRACTOR.**

The extension cord should not be allowed to drape over the countertop or tabletop, where it can be pulled on by children or tripped over.

POLARIZED PLUG

This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to modify the plug in any way. If the plug fits loosely into the AC outlet or if the AC outlet feels warm, do not use that outlet.

PARTS AND FEATURES

- 1. Motor base**
Die-cast and brushed stainless steel housing.
- 2. 5-speed dial control with blue LED light ring and On/Off button**
- 3. Stainless steel micro-mesh filter basket**
- 4. Filter bowl (not shown)**
- 5. Foam management filter disk**
- 6. Cover with 3-inch diameter feed tube and pyramid design fruit stabilizer**
- 7. Food pusher**
- 8. Juice spout (adjustable)**
Controls the flow rate.
- 9. 1-liter juice pitcher**
- 10. 2-liter pulp container**
- 11. 4-second safety break (not shown)**
Stops the filter basket with blades when handle tab is released.
- 12. Push box cord storage (not shown)**
- 13. Heavy-duty cleaning brush to clean filter basket**
- 14. 1000 watts of power for maximum juice extraction (not shown)**
- 15. BPA Free (not shown)**
All materials that come in contact with food and/or liquid are BPA free.

BEFORE FIRST USE

- Remove all packaging materials and any promotional labels or stickers from your juice extractor. Be sure all parts (listed in Parts and Features) of your new appliance have been included before discarding any packaging materials.
- You may want to keep the box and packing materials for use at a later date.
- Before using your Cuisinart® Juice Extractor for the first time, remove any dust from shipping by wiping the base with a damp cloth.
- Thoroughly clean cover, pusher, pulp container, juice pitcher, filter basket, and filter bowl.
- All removable parts can be submerged in water for cleaning and are dishwasher safe.
- Never place the motor housing in the dishwasher, nor should you immerse it in water. Always use a damp cloth to wipe clean.

ASSEMBLY INSTRUCTIONS

Assembling the Juice Pitcher

1. Place the juice pitcher on a flat surface.
2. Insert the foam separator.
3. Put cover in place. Set pitcher aside.

Assembling the Juice Extractor

1. Place base on a clean, flat surface.
2. Insert filter bowl, positioning spout on right side, on top of motor housing.
3. Place foam management filter disk in filter bowl.
4. Place mesh filter basket firmly in place in the filter bowl.
5. Hold the juice extractor cover by the handle with the feed tube facing back and the hinge straight down over the hinge slot on the motor housing. Insert the hinge into the slot and lower into position.

6. Make sure the handle lock is in the "open" position. Press handle in with an upward motion to close.
7. Slide the food pusher down the feed tube by aligning the groove in the food pusher with the small indent on the inside of the top of the feed tube.

8. Place the pulp container in position by tilting opening slightly under the cover.
9. Place the assembled juice pitcher under the spout, with the handle facing forward.

10. Make sure the spout is in the open position. Never juice with the spout in the closed position.

Disassembling the Juice Extractor

1. Unplug the juice extractor.
2. Remove the food pusher.
3. Press the handle tab release to unlock the cover.
4. Lift and remove cover.
5. Carefully remove the filter basket by pulling up on either side of the rim. **Be careful not to touch the blades in the bottom of the basket.**
6. Remove foam management filter disk.
7. Remove the filter bowl by pulling up on either side.

Foam Management System

If you prefer less foam in your juice, use the foam management filter disk and adjust the spout to a smaller opening. If you prefer more foam, do not use the disk and adjust the spout to a larger opening.

OPERATING INSTRUCTIONS

1. Make sure your juice extractor is properly assembled. (See Assembly Instructions.)
2. Plug the power cord into a 120V electrical outlet.
3. Make sure that the spout is in the open position. **NEVER JUICE WITH THE SPOUT IN THE CLOSED POSITION.**
4. Wash all selected fruits or vegetables.
5. While most fruits such as apples, pears, carrots, etc. will not need cutting, any fruit or vegetable with a diameter larger than 3 inches will need to be cut.
6. Set the dial to the desired speed. The blue LED light ring on the control dial will start to blink.
7. Press the button in the center of the control dial to start the juice extractor. The LED light ring will stop blinking and stay on.
8. Lift the food pusher out of the feed tube and drop your food into the feed tube. Push through by inserting the food pusher and pressing firmly.
9. The juice will flow into the juice pitcher and the pulp will accumulate in the pulp container.
10. When finished juicing, press the On/Off button to stop the motor. Turn the control dial to "0" to shut off the juice extractor.
11. Before removing the juice pitcher from under the spout, turn the spout to the closed position. This will prevent juice from dripping on the counter.

CLEANING AND MAINTENANCE

Do not immerse the motor housing in water or spray it with water. Clean only by wiping with a damp sponge, cloth or paper towel. Use any liquid dishwashing detergent, but do not use any products containing ammonia or scouring powders, as these products will dull, scratch or mar the finish.

For easy cleaning, always clean immediately after each use. Vegetables and fruits will harden if left to dry on the unit parts, making it harder to clean.

1. Unplug juicer.

WARNING: Be careful when handling the filter basket during cleaning, as the blades at the bottom

are very sharp. For best juicing results, always thoroughly clean the filter basket with the nylon brush provided. (See image.)

2. Take juice extractor apart, following Disassembly Instructions (page 4). First, rinse with cold water. Then wash the pulp container, juice pitcher, pusher, lid and rotating filter basket in hot, sudsy water, or place in top rack of dishwasher. Do not use a metal brush or pad.
3. Towel-dry all parts.
4. Any other servicing should be performed by an authorized service representative.

TIPS AND HINTS

- Extracted juice from fresh fruits and vegetables contains 95% of their nutrients. Drinking extracted juices is the fastest way to digest fruits and vegetables so that your body can absorb all of those nutrients. As opposed to eating the whole fruit, which can take about 1 hour to digest, extracted juices take only 15 minutes.
- Fresh juices are excellent for aiding in cleanses (ridding the body of toxins) and in weight management.
- Always use fresh, organic and seasonal produce. Organic produce is grown without synthetic fertilizers and chemicals, which is very important when juicing whole foods. When buying foods in season, they are considerably less expensive than purchasing off season, and the flavors are much better.
- Wash all vegetables immediately after purchasing and store them in the refrigerator. This way they are ready to juice at any time.
- Always juice fresh fruits and vegetables soon after purchasing. The longer produce is held, the more nutrients it loses.
- Always wash vegetables and fruit before juicing.
- Fresh juices should be consumed immediately. They lose nutrients as they sit.
- Certain fruits should be peeled first before juicing. Examples of such fruits are pineapples, melons, mangos, papayas, citrus – any fruit with skin that you cannot eat. Also remove all pits and hard seeds from fruit such as peaches, cherries, mangos, etc.

- Citrus fruit juice is delicious and creamy, plus it is more nutrient rich than citrus juice that is manually pressed.
- If cucumbers are waxy, peel them before you juice them.
- When juicing, softer ingredients should be juiced before the harder ones. As a rule, softer ingredients should be juiced at the low speed, while harder ingredients are juiced on higher speeds (refer to Juicing Chart, page 7).
- When juicing herbs or leafy greens, juice them in the middle of a combination of ingredients in order to extract the greatest amount of juice.
- Use your taste to guide you on fruit and vegetable combinations for juices. The recipes provided are a guideline, but the possibilities are endless. Experiment to see what your favorite combinations are.
- Carrots make a great and tasty base for vegetable juices, and apples do the same for fruit juices.
- Beets and carrots both have naturally high sugar content, so when added to vegetable juices they balance out any bitter flavors juiced vegetables may have.
- Use your juice extractor in tandem with your blender. Blend fresh juices with ingredients like bananas, yogurt, and protein powders for delicious power smoothies.
- It is also possible to make a healthier, fresher version of your favorite cocktail with fresh juices.
- Blend fruit juices with sparkling water or seltzer to make a natural soda.
- The pulp that is separated from the juice has its own health benefits. It is high in fiber and can be used in a variety of ways. See our recipes as guides on how you can incorporate the fibrous pulp into your diet.

TROUBLESHOOTING

PROBLEM	SOLUTION
Juice extractor does not turn on	The handle safety lock is not engaged. (See Assembly Instructions page 4.) Press On/Off button to start juicing.
Decreased juice rate	Make sure the spout is opened all the way. Excess pulp in filter basket can slow juice rate. Stop the juice extractor and clean filter basket.
Handle lock is not closing	Make sure that lock is fully opened by pushing down on the locking tab. Position your finger on the raised lines on the locking tab and press closed.

APPROXIMATE YIELD JUICING CHART

FRUIT	AMOUNT	SPEED	YIELD
APPLE	3 medium (about 1 pound)	5	10 ounces
CANTALOUPE (peeled)	½ fruit (about 1¼ pounds)	1	16 ounces
GRAPES	1 pound	1	8 ounces
MANGO (peeled and pitted)	1 fruit	2	3 ounces
ORANGE (peeled)	2 medium (about 1 pound)	2	12 ounces
PEACH	3 medium (about 1 pound)	3	8 ounces
PEAR	2 medium (about 1 pound)	4	10 ounces
PINEAPPLE (peeled and cored)	½ fruit	3	8 ounces
WATERMELON (peeled)	1 pound	1	14 ounces
VEGETABLE	AMOUNT	SPEED	YIELD
BEET	3 pieces (about 1 pound)	5	10 ounces
BEET GREENS	1 bunch (about 8 ounces)	5	5 ounces
CARROT	1 pound	5	8 ounces
CELERY	1 bunch (about 1¼ pounds)	4	12 ounces
CUCUMBER	1 large (about 12 ounces)	1	10 ounces
PARSLEY	1 bunch (about 6 ounces)	5	2 ounces
TOMATO	1 pound	2	10 ounces

WARRANTY

Limited Three-Year Warranty

This warranty is available to consumers only. You are a consumer if you own a Cuisinart® Juice Extractor that was purchased at retail for personal, family or household use. Except as otherwise required under applicable law, this warranty is not available to retailers or other commercial purchasers or owners. We warrant that your Cuisinart® Juice Extractor will be free of defects in materials and workmanship under normal home use for 3 years from the date of original purchase.

We recommend that you visit our website, www.cuisinart.com for a fast, efficient way to complete your product registration. However, product registration does not eliminate the need for the consumer to maintain the original proof of purchase in order to obtain the warranty benefits. In the event that you do not have proof of purchase date, the purchase date for purposes of this warranty will be the date of manufacture.

CALIFORNIA RESIDENTS ONLY

California law provides that for In-Warranty Service, California residents have the option of returning a nonconforming product (A) to the store where it was purchased or (B) to another retail store that sells Cuisinart® products of the same type. The retail store shall then, according to its preference, either repair the product, refer the consumer to an independent repair facility, replace the product, or refund the purchase price less the amount directly attributable to the consumer's prior usage of the product. If neither of the above two options results in the appropriate relief to the consumer, the consumer may then take the product to an independent repair facility, if service or repair can be economically accomplished. Cuisinart and not the consumer will be responsible for the reasonable cost of such service, repair, replacement, or refund for nonconforming products under warranty. California residents may also, according to their preference, return nonconforming products directly to Cuisinart for repair or, if necessary, replacement by calling our Consumer Service Center toll-free at 800-726-0190. Cuisinart will be responsible for the cost of the repair, replacement,

and shipping and handling for such nonconforming products under warranty.

BEFORE RETURNING YOUR CUISINART® PRODUCT

If your Cuisinart® Juice Extractor should prove to be defective within the warranty period, we will repair or, if we think necessary, replace it. To obtain warranty service, please call our Customer Service Center toll-free at 1-800-726-0190 or write to: Cuisinart, 7475 North Glen Harbor Blvd. Glendale, AZ 85307. To facilitate the speed and accuracy of your return, enclose \$10.00 for shipping and handling. (California residents need only supply a proof of purchase and should call 1-800-726-0190 for shipping instructions.) Please be sure to include your return address, description of the product's defect, product serial number, and any other information pertinent to the return. Please pay by check or money order. NOTE: For added protection and secure handling of any Cuisinart® product that is being returned, we recommend you use a traceable, insured delivery service. Cuisinart cannot be held responsible for in-transit damage or for packages that are not delivered to us. Lost and/or damaged products are not covered under warranty.

Your Cuisinart® Juice Extractor has been manufactured to the strictest specifications and has been designed for use only in 120 volt outlets and only with authorized accessories and replacement parts. This warranty expressly excludes any defects or damages caused by attempted use of this unit with a converter, as well as use with accessories, replacement parts or repair service other than those authorized by Cuisinart. This warranty does not cover any damage caused by accident, misuse, shipment or other than ordinary household use. This warranty excludes all incidental or consequential damages. Some states do not allow the exclusion or limitation of these damages, so these exclusions may not apply to you. You may also have other rights, which vary from state to state.

Important: If the nonconforming product is to be serviced by someone other than Cuisinart's Authorized Service Center, please remind the servicer to call our Consumer Service Center at 1-800-726-0190 to ensure that the problem is properly diagnosed, the product is serviced with the correct parts, and to ensure that the product is still under warranty.

WATERMELONS	A	chlorophyll, enzymes and good cleanser

RISE AND SHINE

Morning Zinger

A delicious way to get up and go.

Makes about 8 ounces

- 1 handful fresh parsley, about 1 cup packed**
- 1 medium apple, about 5 ounces**
- ½ ounce fresh ginger, about 1-inch piece**
- 3 medium carrots, about 10 ounces**

1. Turn the Cuisinart® Juice Extractor to speed 5. Turn the unit on and juice the ingredients in the order listed.
2. Stir juice and serve immediately.

Nutritional information per serving (8 ounces):
Calories 198 (6% from fat) • carb. 4g • pro. 1g
• fat 0g • sat. fat 0g • chol. 0mg • sod. 186mg
• calc. 165mg • fiber 1g

Notable nutrients based on daily percentages:
Vitamin A 829% • Vitamin C 167% • Iron 26%
• Folate 35%

Melon Cleanser

It is recommended for melons to be eaten alone.
This refreshing juice is perfect first thing in the morning.

Makes about two 8-ounce servings

- 2 cups cantaloupe**
- 2 cups honeydew melon**
- ¼ cup fresh mint leaves**
- ¼ lime, peeled, about ¼ ounce**

1. Turn the Cuisinart® Juice Extractor to speed 1. Turn the unit on and juice the cantaloupe and honeydew.
2. Increase to speed 4 and juice the mint leaves and then the lime.
3. Stir juice and serve immediately.

Nutritional information per serving (8 ounces):
Calories 129 (4% from fat) • carb. 32g • pro. 3g
• fat 1g • sat. fat 0g • chol. 0mg • sod. 61mg
• calc. 37mg • fiber 1g

Notable nutrients based on daily percentages:
Vitamin A 124% • Vitamin B6 15% • Vitamin C 167%

Antioxidant Berry Blast

Berries are packed with good-for-you antioxidants. This juice is also a great base for a berry spritzer – just add seltzer.

Makes about 10 ounces

- 2 cups whole strawberries, about 8 ounces**
- 1 cup raspberries**
- 1 cup blueberries**
- ¼ lemon, peeled, about ¼ ounce**

1. Turn the Cuisinart® Juice Extractor to speed 2. Turn the unit on and juice the strawberries, raspberries and blueberries.
2. Increase to speed 4 and juice the lemon.
3. Stir juice and serve immediately.

Nutritional information per serving (8 ounces):
Calories 246 (7% from fat) • carb. 60g • pro. 5g
• fat 2g • sat. fat 0g • chol. 0mg • sod. 6mg
• calc. 90mg • fiber 1g

Notable nutrients based on daily percentages:
Vitamin C 381% • Folate 27% • Manganese 124%

Citrus-C

This simple blend of orange and grapefruit makes a delicious juice to start the day. You won't want to drink store-bought juice again!

Makes about 12 ounces

- 1 medium to large orange, peeled, about 12 to 14 ounces (1 to 1½-cup segments)**
- 1 large grapefruit, peeled, about 1 pound (2-cup segments)**

1. Turn the Cuisinart® Juice Extractor to speed 2.
2. Turn the unit on and juice the orange and grapefruit.
3. Stir juice and serve immediately.

Nutritional information per serving (6 ounces):
Calories 157 (4% from fat) • carb. 39g • pro. 3g
• fat 1g • sat. fat 0g • chol. 0mg • sod. 0mg
• calc. 109mg • fiber 2g

Notable nutrients based on daily percentages:
Vitamin A 19% • Vitamin C 283% • Folate 24%

Super C Juice

Red peppers are packed full of vitamin C, and a little goes a long way. Make this juice when you're feeling under the weather, for it provides you with twice your daily value of vitamin C and over four times your daily need of vitamin A!

Makes about 2 servings

- ½ **large red pepper, about 6 ounces**
- 4 medium carrots, about 12 ounces**
- ½ **large grapefruit, about 4 ounces, peeled**
- ½ **medium orange, about 3 ounces, peeled**
- ¼ **lemon, about 1 ounce, peeled**

1. Turn the Cuisinart® Juice Extractor to speed 3. Turn the unit on and juice the pepper.
2. Increase to speed 5 and juice the carrots.
3. Reduce to speed 2 and juice the citrus.
4. Stir juice and serve immediately.

Nutritional information per serving (8 ounces):
Calories 94 (4% from fat) • carb. 24g • pro. 2g
• fat 1g • sat. fat 0g • chol. 0mg • sod. 86mg
• calc. 72mg • fiber 1g

Notable nutrients based on daily percentages:
Vitamin A 441% • Vitamin C 188% • Beta Carotene
10932mcg • Potassium 605mg

Orange, Peach and Mango Juice

This sunny beverage is full of vitamin C, and is a great base for smoothies.

Makes about 12 ounces

- ½ **mango, peeled, about 5 ounces**
- 1 medium orange, peeled, about 6 to 7 ounces**
- 2 peaches, pits removed**

1. Turn the Cuisinart® Juice Extractor to speed 2. Turn the unit on and juice the mango and orange.
2. Increase to speed 3 and juice the peaches.
3. Stir juice and serve immediately.

Nutritional information per serving (12 ounces):
Calories 252 (4% from fat) • carb. 64g • pro. 4g
• fat 1g • sat. fat 0g • chol. 0mg • sod. 5mg
• calc. 99mg • fiber 2g

Notable nutrients based on daily percentages:
Vitamin A 43% • Vitamin B6 19% • Vitamin C 255%
• Folate 21%

Junior Juice

Made just for kids, it is a great juice to introduce to your children starting around 18 months since it contains no citrus.

Makes about 6 small servings

- ½ **mango, about 4 ounces, peeled and cut into 1-inch pieces**
- 8 medium carrots, about 1 pound**
- 2 medium apples, about 10 ounces**

1. Turn the Cuisinart® Juice Extractor to speed 2. Turn the unit on and juice the mango.
2. Increase the speed to 5 and juice the carrots and apples.
3. Stir juice and serve immediately.

Nutritional information per serving (4 ounces):
Calories 67 (4% from fat) • carb. 17g • pro. 1g
• fat 0g • sat. fat 0g • chol. 0mg • sod. 53mg
• calc. 30mg • fiber 1g

Notable nutrients based on daily percentages:
Vitamin A 258% • Vitamin C 20%

FROM THE GARDEN

Veggie Juice Plus

A rainbow of veggies, chock full of nutrients, all in one glass.

Makes about two 7-ounce servings

- 1 tomato, about 5 ounces**
- ½ **cucumber, about 5 ounces**
- ½ **lemon, peeled about ½ ounce**
- 1 handful parsley, about 1 cup packed**
- 3 to 4 kale leaves**
- ½ **medium beet, about 2 ounces**
- 2 carrots, about 8 ounces**

1. Turn the Cuisinart® Juice Extractor to speed 2. Turn the unit on and juice the tomato.
2. Increase to speed 3 and juice the cucumber and lemon.
3. Increase to speed 5 and juice the parsley, kale, beet and carrots.
4. Stir juice and serve immediately.

Nutritional information per serving (7 ounces):
Calories 116 (7% from fat) • carb. 26g • pro. 5g
• fat 1g • sat. fat 0g • chol. 0mg • sod. 137mg
• calc. 152mg • fiber 2g

Notable nutrients based on daily percentages:
Vitamin A 548% • Vitamin B6 20% • Vitamin C 184%
• Iron 20% • Folate 31%

Super Greens

Rich in chlorophyll and vitamins, this juice is a super health drink.

Makes about 10 ounces

- 1/3 **cucumber, about 3 ounces**
- 5 **ounces assorted greens (kale, chard, beet greens)**
- 1 **cup packed spinach leaves**
- 1 **cup green herbs (parsley, cilantro, mint)***
- 2 **medium celery stalks**
- 2 **medium carrots, about 8 ounces**

1. Turn the Cuisinart® Juice Extractor to speed 3. Turn the unit on and juice the cucumber.
2. Increase to speed 5 and juice the greens, spinach, herbs, celery and carrots.
3. Stir juice and serve immediately.

* Juiced greens definitely have a strong flavor – experimenting with different types and amounts of herbs, like cilantro, gives the juice a nice herbal note.

Nutritional information per serving (10 ounces):
Calories 216 (9% from fat) • carb. 46g • pro. 11g
• fat 1g • sat. fat 2g • chol. 0mg • sod. 340mg
• calc. 233mg • fiber 2g

Notable nutrients based on daily percentages:
Vitamin A 1365% • Vitamin C 461% • Thiamin 28%

Veggie Detox

Cleanse your system with this delicious veggie juice

Makes about 10 ounces

- 1/2 **lemon, peeled, about 1 ounce**
- 1 **handful parsley, about 1 cup packed**
- 1 **cup spinach leaves, about 1 cup packed**
- 2 **Swiss chard leaves**
- 1 **medium apple, about 4 to 5 ounces**
- 2 **carrots, about 6 ounces**

1. Turn the Cuisinart® Juice Extractor to speed 3. Turn the unit on and juice the lemon.
2. Increase to speed 5 and juice the parsley, spinach, Swiss chard, apple and carrots.
3. Stir juice and serve immediately.

Nutritional information per serving (10 ounces):
Calories 196 (6% from fat) • carb. 46g • pro. 7g
• fat 2g • sat. fat 0g • chol. 0mg • sod. 381mg

Garden Patch

These garden vegetables make a nice and light cooling beverage.

Makes about four 6-ounce servings

- 3 medium tomatoes, about 8 to 10 ounces**
- ½ large cucumber, about 6 ounces**
- ½ lime, peeled, about ½ ounce**
- 1 handful parsley, about 1 cup packed**
- 2 sprigs cilantro**
- 1 medium red pepper, about 9 to 11 ounces**
- ¼ jalapeño pepper, seeds discarded**

1. Turn the Cuisinart® Juice Extractor to speed 3. Turn the unit on and juice the tomatoes, cucumber and lime.
2. Increase to speed 5 and juice the parsley, cilantro, red pepper and jalapeño.
3. Stir juice and serve immediately.

COOLERS & SPRITZERS

Pineapple Mint Spritzer

Refreshing on a hot summer day.

Makes about 5 servings

- 3 cups 1-inch cubed pineapple, about 1 pound**
- ¼ cup packed fresh mint leaves**
- 6 ounces unflavored seltzer**

1. Turn the Cuisinart® Juice Extractor to speed 3. Turn the unit on and juice the pineapple and mint.
2. Stir juice and add the seltzer. Pour over ice and serve immediately.

Nutritional information per serving (4 ounces):
Calories 133 (2% from fat) • carb. 35g • pro. 1g

Mango Spritzer

We love fresh mango juice, but other fresh fruit juices like kiwi or grape would work well when paired with seltzer on ice.

Makes about 4 servings

- 1½ fresh mangoes, peeled and pits removed**
- 4 ounces unflavored seltzer**

1. Turn the Cuisinart® Juice Extractor to speed 2. Turn the unit on and juice the mangoes.
2. Stir juice and add the seltzer. Pour over ice and serve immediately.

Nutritional information per serving (4 ounces):
Calories 122 (3% from fat) • carb. 32g • pro. 1g

Cucumber Mint Cooler

Use garden-fresh cucumbers for this warm weather cooler.

Makes two 6-ounce servings

- 1 kiwi, about 4 ounces**
- 1 cup grapes**
- ½ lime, peeled, about ½ ounce**
- ½ cucumber, about 6 ounces**
- 1 cup packed mint leaves**
- ½ ounce fresh ginger, about a 1-inch piece**

1. Turn the Cuisinart® Juice Extractor to speed 1. Turn the unit on and juice the kiwi, grapes and lime.
2. Increase to speed 4 and juice the cucumber, mint and ginger.
3. Stir juice and serve immediately.

Nutritional information per serving (6 ounces):

SMOOTHIES

Papaya Pineapple “Smoothie”

This tropical blend is loaded with great enzymes that aid in digestion.

Makes about 12 ounces

- 2 cups papaya, peeled, with seeds discarded**
- 1 cup mango, peeled and pit removed**
- ½ lemon, peeled, about ¾ ounce**
- 2 cups pineapple, skin and core discarded**

1. Turn the Cuisinart® Juice Extractor to speed 2. Turn the unit on and juice the papaya and mango.
2. Increase to speed 3 and juice the lemon and pineapple.
3. Stir juice and serve immediately.

Nutritional information per serving (12 ounces):

Sunshine Smoothie

Makes 32 ounces

- ½** **lemon-peeled, about 1 ounce**
- ½** **ounce ginger, about 1-inch piece**
- 1** **pound carrots**
- 1** **medium orange, peeled and cut into sections**
- 2** **medium peaches, about 10 to 12 ounces, pitted, peeled and cut into large cubes**
- 1** **cup fresh pineapple, skin and core discarded**
- 1** **cup frozen mango**

1. Turn the Cuisinart® Juice Extractor to speed 3. Turn the unit on and juice the lemon.
2. Increase the speed to 5 and juice the ginger and carrots. Pour into the jar of a Cuisinart® Blender.
3. Add the remaining ingredients and blend on high speed until smooth, about 45 seconds.
4. Serve immediately.

Nutritional information per 8-ounce serving:
Calories 133 (4% from fat) • carb. 33g • pro. 2g
• fat 1g • sat. fat 0g • chol. 0mg • sod. 80mg

Superfood Smoothie

This smoothie utilizes the fiber-rich pulp of vegetables to maximize the health benefits of both juice and pulp. You will be amazed how great it tastes!

Makes about 32 ounces

- 2** **medium apples**
- ½** **cup water**
- 1** **large ripe banana, quartered**
- 1** **medium peach, pitted and cut into 1-inch cubes**
- 2** **cups assorted berries (any desired combination: strawberry, blueberry raspberry)**
- 2** **cups reserved green vegetable pulp**

1. Turn the Cuisinart® Juice Extractor to speed 3. Turn the unit on and juice the apples.
2. Pour the apple juice and water into the blender jar of a Cuisinart® Blender. Add the banana, peach, berries and pulp.
3. Blend on high until smooth, about 1 minute.

4. Serve immediately

Note: This smoothie will be room temperature. If desired, blend in some ice cubes once smooth.

Nutritional information per serving:
Calories 120 (6% from fat) • carb. 30g • pro. 3g
• fat 1g • sat. fat 0g • chol. 0mg • sod. 16 mg
• calc 67mg • fiber 6g

VITAMINS WITH SPIRITS

White Sangria

Take sangria to the next level by using fresh juice in the mix.

Makes about 9 servings

- 2** **peaches, pitted, one kept as is and the other cut into ½-inch pieces, divided**
- 1** **cup 1-inch cubed pineapple, about 6 ounces, divided**
- 1** **medium orange, peeled, half kept as is and the other half cut into ½-inch pieces, divided**
- 1** **medium apple, half kept as is and the other half cut into ¼-inch slices, divided**
- 1** **bottle white wine**
- ¼** **cup cognac**
- ⅓** **cup Grand Marnier®**
- ¼ to ⅓** **cup simple syrup***

1. Turn the Cuisinart® Juice Extractor to speed 3. Turn the unit on and juice 1 peach, ½ cup of pineapple and ½ orange.
2. Increase to speed 5 and juice ½ of the apple.
3. Add reserved cut/sliced fruit to a pitcher. Stir juice and add to pitcher. Add wine and liquors and add simple syrup to taste. Pour over ice and serve immediately.

* Simple syrup is sugar dissolved in water. To make, place equal parts water and granulated sugar in a saucepan set over medium-low heat. Syrup is done once the sugar has dissolved. Cool before using.

Nutritional information per serving (4 ounces):
Calories 198 (1% from fat) • carb. 21g • pro. 1g
• fat 0g • sat. fat 0g • chol. 0mg • sod. 0mg
• calc. 13mg • fiber 1g

Grand Mimosa

The Grand Marnier is optional, but it is a way to make the drink special.

Makes about 10 servings

- 5 medium oranges, about 2 pounds, peeled**
- 2 ounces Grand Marnier®**
- 1 bottle sparkling white wine (Prosecco or Champagne)**

1. Turn the Cuisinart® Juice Extractor to speed 2. Turn the unit on and juice the oranges.
2. Stir juice and add Grand Marnier®. Add sparkling wine and serve immediately.

Nutritional information per serving (4 ounces):
Calories 112 (1% from fat) • carb. 10g • pro. 1g
• fat 0g • sat. fat 0g • chol. 0mg • sod. 1mg
• calc. 30mg • fiber 1g

Notable nutrients based on daily percentages:
Vitamin C 69% • Potassium 116mg

Bloody Mary

A different twist to the Bloody Mary. Serve each glass with a stick of celery – it will separate if you do not stir.

Makes about 6 servings

- 6 medium tomatoes, about 2 pounds**
- 1 lime, peeled**
- ¼ red bell pepper**
- ¼ jalapeño**
- ⅓ cup packed parsley, about 1 ounce stalk celery**
- 2 pinches freshly ground black pepper**
- ¼ teaspoon sea salt**
- 4 drops hot sauce**
- 5 ounces vodka**

1. Turn the Cuisinart® Juice Extractor to speed 2. Turn the unit on and juice the tomatoes and lime.
2. Increase to speed 4 and juice the peppers, parsley and celery.
3. Stir juice and add to a pitcher. Add the remaining ingredients. Taste and adjust seasonings accordingly. Pour over ice and serve immediately.

Nutritional information per serving (4 ounces):
Calories 88 (4% from fat) • carb. 8g • pro. 2g
• fat 0g • sat. fat 0g • chol. 0mg • sod. 114mg

Campari and Grapefruit Spritzer

The grapefruit offsets the Campari very nicely in this twist on a classic apéritif.

Makes four 7-ounce drinks

- 2 large pink grapefruits, about 14 to 16 ounces each**
- 3 ounces Campari**
- 12 ounces seltzer**

1. Turn the Cuisinart® Juice Extractor to speed 2. Turn the unit on and juice the grapefruits.
2. Put the Campari into a pitcher filled with ice. Pour in the grapefruit juice and stir.
3. Pour evenly among four glasses. Top each glass with 3 ounces of seltzer and serve.

Nutritional information per serving:
Calories 97 (1% from fat) • carb. 18g • pro. 1g
• fat 0g • sat. fat 0g • chol. 0mg • sod. 13 mg
• calc 18mg • fiber 2g

Notable nutrients based on daily percentages:
Vitamin C 81%

DRESSING, SAUCES AND SOUP

Carrot Ginger Dressing

Delicious over a bed of mixed greens.

Makes about 4 servings

- ½ **pound carrots, about 4 medium carrots**
- 2 **ounces fresh ginger, about two 2-inch pieces**
- ½ **medium orange, about 3 ounces, peeled**
- ¼ **lemon, peeled**
- 1 **large clove garlic**
- 2 **tablespoons rice vinegar**
- 1 **tablespoon reduced-sodium soy sauce**
- 4 **teaspoons sesame oil**
- 1 **tablespoon honey**
- ¼ **cup water**
- pinch sea salt**

1. Turn the Cuisinart® Juice Extractor to speed 5. Turn the unit on and juice the carrots, ginger, orange and lemon. Reserve juice and pulp.
2. In the bowl of a Cuisinart® Food Processor fitted with the chopping blade, process the garlic until finely chopped. Add all of the extracted juice, 3 tablespoons of the mixed pulp, and the remaining ingredients. Process until completely combined. Adjust seasonings to taste.

Nutritional information per serving (2 tablespoons):
Calories 58 (64% from fat) • carb. 5g • pro. 0g
• fat 4g • sat. fat 1g • chol. 0mg • sod. 66mg
• calc. 11mg • fiber 1g

Notable nutrients based on daily percentages:
Vitamin A 59% • Beta Carotene 1451mcg

Carrot Fennel Sauce with Orange

This is a great sauce to serve with fish and seafood, most notably shrimp.

Makes about ¾ cup

- 1 **teaspoon olive oil**
- 1 **small shallot, about ¼ ounce chopped, or 1 tablespoon**
- ¼ **lemon peeled, about ¼ ounce**
- ½ **orange peeled, about 2 ounces**
- ½ **fennel bulb, about 4 ounces**

- 1 **pound carrots, about 8 medium carrots**
- 2 **tablespoons unsalted butter, cut into small cubes**
- 2 **tablespoons sliced basil**

1. Put the olive oil in a sauce pan and place over medium heat. Add the chopped shallot and sweat until soft, about 2 minutes.
2. While the shallot is sweating, turn the Cuisinart® Juice Extractor to speed 2. Turn the unit on and juice the lemon and orange.
3. Increase to speed 5 and juice the fennel and carrots.
4. Add juice to the saucepan and bring to a simmer. Allow sauce to simmer for about 30 minutes, until reduced to about ¾ cup.
5. Once reduced, whisk in both the butter and basil immediately before serving.

Nutritional information per serving (1 tablespoon):
Calories 51 (48% from fat) • carb. 6g • pro. 1g
• fat 3g • sat. fat 2g • chol. 6mg • sod. 38mg
• calc. 26mg • fiber 1g

Notable nutrients based on daily percentages:
Vitamin A 155%

Red Pepper Reduction

This reduction, with its intense red pepper flavor, is a great sauce for chicken and fish.

Makes about ¼ cup

- 1 **teaspoon olive oil**
- 1 **shallot, about ½ ounce**
- 12 **ounces red pepper juice, [about 2 pounds (4 medium peppers) juiced on speed 3]**
- 2 **tablespoons unsalted butter, cut into small cubes (optional)**

1. Put the olive oil in a small saucepan and place over medium heat. Add the shallot and sweat until soft, about 2 minutes.
2. Add the pepper juice and bring to a simmer. Allow the juice to simmer until reduced to about ¼ cup, 30 to 40 minutes. For a sauce with more body, whisk in the butter if using right before serving.*

* **Note:** Although thin, this sauce is very flavorful and stands very well on its own. However, if you prefer a thicker sauce without butter, make a slurry with one tablespoon of cornstarch mixed with water and whisk into the sauce, a little at a time, as it simmers until the desired consistency is achieved.

Nutritional information per serving (1 tablespoon)

Cold Borscht

This delicious yet simple cold soup is great to serve
on a warm day.

Makes about 4 cups

- 1** **teaspoon olive oil**
- 1** **shallot chopped, about ½ ounce**
- 2** **medium carrots, about 5 ounces**
- 1** **pound red beets**
- 3** **cups vegetable broth**
- salt**
- freshly ground black pepper**

1. Put oil into a saucepan and place over medium heat. Add the shallot and sweat until soft, about 2 minutes.
2. While the shallot is sweating, turn the Cuisinart® Juice Extractor to speed 5. Turn the unit on and juice the carrots and the beets.
3. Add juice, vegetable broth and ½ cup of the pulp to the saucepan and bring to a simmer. Allow soup to simmer for about 30 minutes.
4. Taste and add seasoning if necessary.
5. Chill well before serving.

Serving Tip: Garnish cold borscht with a dollop of sour cream and some chopped fresh dill.

Nutritional information per serving (1 cup):

Calories 87 (14% from fat) • carb. 17g • pro. 2g

BAKED GOODS

Potato Bread

Makes one 1-pound loaf

- 2** **large russet potatoes, about 1 lb, peeled**
- 2 ¼** **teaspoons dry active yeast**
- 2** **teaspoons granulated sugar**
- 3** **cups bread flour**
- 2** **teaspoons sea salt**
- 1** **tablespoon unsalted butter, at room temperature**
- 1 ½** **tablespoons nonfat dry milk**
- 1** **large egg**

1. Turn the Cuisinart® Juice Extractor to speed 5. Turn the unit on and juice the potatoes. Stir the juice and reserve ½ cup plus 1 tablespoon. Reserve all of the pulp (about 2 cups), being sure to discard any large pieces of potato.
2. Put the potato juice, yeast and sugar into the bowl of a Cuisinart® Stand Mixer fitted with the dough hook. Stir well to dissolve yeast and let stand for 5 to 10 minutes. Mixture will foam and bubble – this means the yeast is alive and active.
3. Put the flour, salt, butter, and dry milk in a separate bowl and stir. Add half to the yeast mixture and mix on speed 3 until fully combined, being sure to scrape the bottom of the bowl with a spatula. Add the egg and pulp; mix to combine.
4. Continuing on speed 3, add the remaining flour mixture, ½ cup at a time, mixing completely, about 30 to 40 seconds, until no flour is visible after each addition. The dough at first will be a batter, and slowly, as the flour is added, the batter will become a complete ball of dough that cleans the sides of the mixing bowl.
5. After the flour mixture has been incorporated (you may not need all of the flour), mix on speed 3 for 3 to 4 minutes to knead the dough.
6. Dust dough ball lightly with flour and place in a sealable food storage bag; press out air and seal. Let rise in a warm, draft-free place until doubled in size, about 1 hour.
7. Punch dough down and shape into a loaf. Place loaf in a lightly greased 8 or 9-inch loaf pan and cover loosely with plastic wrap. Let rise 30 to 40 minutes, or until doubled in size.

8. While dough is rising, preheat oven to 375°F.
9. Bake bread in preheated oven 50 to 60 minutes until browned and hollow sounding when tapped. Cool on a wire rack. Bread slices best when allowed to cool completely before slicing.

Apple Cake

A not-too-sweet treat for your next brunch table.

Makes 18 servings

Cake:

- 2 cups apple pulp (from about 8 medium apples)**
- ¾ cup fresh apple juice**
- 1½ cups unbleached, all-purpose flour**
- 1 teaspoon baking soda**
- ½ teaspoon sea salt**
- ½ teaspoon ground cinnamon**
- ¼ teaspoon ground nutmeg**
- ¼ teaspoon ground cloves**
- ¼ teaspoon ground cardamom**
- ½ cup (1 stick) unsalted butter, cubed and at room temperature**
- ⅓ cup granulated sugar**
- ⅓ cup packed light brown sugar**
- 1 large egg**

Crumb Topping:

- 1 cup unbleached, all-purpose flour**
- ½ cup packed light brown sugar**
- 1 teaspoon ground cinnamon**
- ¼ teaspoon sea salt**
- ½ cup toasted and chopped walnuts or pecans**
- ½ teaspoon pure vanilla extract**
- ½ cup (1 stick) unsalted butter, cold and cubed**

1. Preheat oven to 350°F. Butter and lightly flour a 13 x 9-inch baking pan; reserve.
2. Turn the Cuisinart® Juice Extractor to speed 5. Turn the unit on and juice the apples.

3. Stir juice and measure out ¾ cup; reserve (save the remaining juice for another use).
4. Measure out 2 cups of the apple pulp, being sure to discard any seeds or stems; reserve.
5. In a small mixing bowl, combine the flour, baking soda, salt and spices. Reserve.
6. Using a Cuisinart® Stand or Hand Mixer fitted with the mixing paddle/beaters, mix the butter and sugars until light and creamy. Add the egg and mix until combined. Add the pulp and mix until just combined. Add half of the juice and mix on low. Add half of the dry ingredients and mix until streaky. Repeat, finishing with the dry ingredients.
7. Pour batter evenly into the prepared pan.
8. Combine all of the Crumb Topping ingredients into a small bowl and mix with your fingers until the mixture resembles a coarse meal. Spread evenly over cake batter.
9. Bake for 35 to 40 minutes, or until a cake tester comes out clean.

Carrot Cupcakes

Extra-moist carrot cupcakes, topped with Cream Cheese Frosting, make a delicious treat.

Makes 12 cupcakes

Cake:

- ½ pound carrots, about 4 medium carrots**
- ¾ cup plus 2 tablespoons unbleached, all-purpose flour**
- ½ tablespoon unsweetened cocoa powder**
- 1 teaspoon ground cinnamon**
- 1 teaspoon baking powder**
- ½ teaspoon baking soda**
- ½ teaspoon sea salt**
- ½ cup granulated sugar**
- ½ cup packed dark brown sugar**
- 2 large eggs**
- ½ cup plus 2 tablespoons vegetable oil**
- 1 teaspoon pure vanilla extract**
- ¾ cup chopped walnuts**

Cream Cheese Frosting:

- 6 ounces cream cheese, room temperature and cut into 6 pieces**
- 6 tablespoons unsalted butter, room temperature and cut into 6 pieces**
- ½ cup confectioners' sugar, sifted**
pinch sea salt
- ½ teaspoon pure vanilla extract**
- 1 teaspoon sour cream**

1. Preheat oven to 350°F. Butter and lightly flour a 12-cup muffin pan; reserve.
2. Turn the Cuisinart® Juice Extractor to speed 5. Turn the unit on and juice the carrots. Measure out 2 tablespoons of the carrot juice and reserve the remainder for another use. Reserve pulp.
3. Sift the flour, cocoa, cinnamon, baking powder, baking soda and salt together in a small bowl.
4. In a separate bowl, whisk together the sugars, eggs, oil, vanilla and carrot juice until smooth. Stir in the carrot pulp, walnuts and dry ingredients until just combined.
5. Pour batter into the prepared muffin tin. Bake in the preheated oven for about 20 to 25 minutes, or until the tops of the cupcakes bounce back, and a cake tester inserted in the center of the cupcakes comes out clean. Cool in the pan.
6. While cupcakes are cooling, prepare the Cream Cheese Frosting.
7. Put the cream cheese, butter and sugar into a medium mixing bowl. Using a Cuisinart® Hand Mixer fitted with the mixing beaters, mix on medium-low until completely smooth. Add the remaining ingredients and mix until just combined.
8. Once the cupcakes are completely cooled, top with the Cream Cheese Frosting.
