THE ALL NATURAL POTTING MIX ADVANTAGE Beneficios del ALL NATURAL POTTING MIX

- Great for planting annuals, perennials, vegetables, herbs, hanging baskets & raised garden beds
- Ready to use—no mixing
- All organic with added fertilizers: bat guano, poultry manure & kelp meal
- With Moisture Holding ingredients - reduce time spent watering and keep plants hydrated
- Ideal para sembrar plantas anuales y perennes, vegetales, hierbas, para canastas colgantes y lechos de jardín elevados
- Listo para usarse, no requiere mezclarse
- Totalmente orgánico con fertilizantes agregados: guano de murciélago, estiércol de ave y harina de kelp
- Con ingredientes que retienen la humedad: reduzca el tiempo que dedica a regar y mantenga las plantas hidratadas

HOW TO USE ALL NATURAL POTTING MIX Cómo usar ALL NATURAL POTTING MIX

Planting In Pots Para plantar en macetas

Cover the bottom of the pot with ALL NATURAL POTTING MIX, pressing firmly on soil.
Cubre la base de la maceta con ALL NATURAL POTTING MIX, presionando la tierra de manera firme.

Gently remove plant from container, loosen roots, and set so root ball is 1-2" below pot edge to leave room for watering.
Retire con suavidad la planta de su contenedor, aflojando las raíces, y colóquela de manera que la masa de raíces quede de 2.5 a 5 cm (1-2 pulgadas) por debajo del borde de la maceta para dejar espacio para regar.

Continue to fill pot with ALL NATURAL POTTING MIX, pressing firmly on soil as you go.
Siga llenando la maceta con ALL NATURAL POTTING MIX, presionando la tierra de manera firme mientras la va llenando.

1 Bag fills approximately three 12" pots
1 bolsa llena aproximadamente tres macetas de 30,48 cm

Planting In Garden Beds Para plantar en arriates

Spread a 2" layer of ALL NATURAL POTTING MIX over the area you are planting and mix into existing soil 4-6".
Esparza una capa de 5 cm (2 pulgadas) de ALL NATURAL POTTING MIX sobre el área en la que está plantando y mezcle con la tierra existente en una capa de 10 a 15 cm (4 a 6 pulgadas).

Plant individual plants or ground cover per instructions.
Siembre plantas individuales o coloque como cubierta para el suelo según las instrucciones.

Water well and mulch.
Riegue bien y coloque paja.

1 Bag = Approximately 9 sq ft coverage
1 bolsa = Cubre aproximadamente 0.83 m²

Planting In-Ground Para plantar en tierra

Dig hole twice as wide as plant container and mix existing soil with equal parts ALL NATURAL POTTING MIX.
Cave un hoyo del doble del ancho del contenedor de la planta y mezcle la tierra existente con partes iguales de ALL NATURAL POTTING MIX.

Gently loosen roots and set plant in hole so root ball is slightly above ground level.
Suavemente afloje las raíces y coloque la planta en el hoyo, de manera que la masa de raíces quede ligeramente por arriba del nivel del suelo.

Fill hole with soil mix and make a 2" high mound around the dripline. Water well and mulch.
Rellene el hoyo con la mezcla de tierra y producto, y levante un montículo de 5 cm (2 pulgadas) alrededor de la línea de riego.

1 Bag plants approximately 6 one gallon plants
1 bolsa siembra aproximadamente 6 plantas de 3,78 litros

INGREDIENTS:

This product is regionally formulated with organic materials (including one or more of the following: processed forest products, recycled forest products, arbor fines, peat humus, or compost, sphagnum peat moss, sand), perlite, ground dolomitic limestone (pH-adjuster), and organic fertilizer (see below).

In Georgia, this product contains: 75-85% processed forest products, sphagnum peat moss, horticultural perlite, sand, composted poultry manure, ground dolomitic limestone (pH-adjuster), worm castings, organic fertilizer (see below), bat guano, and kelp meal.

In Oregon, Idaho, this product contains: Bark fines, coir, sand, sphagnum peat moss, perlite, rice hulls, oyster shell & dolomite (as pH adjusters), and organic fertilizer (see below).

Also contains plant nutrients: (0.3-0.1-0.1)
GUARANTEED ANALYSIS

Total Nitrogen (N)00.30%
00.01% Ammoniacal Nitrogen
00.04% Other Water Soluble Nitrogen
