

Material Safety Data Sheet
Floor Polishing Solution

Section 1: Identification of the substance/mixture and of the Company

Product Name: Floor Polishing Emulsion

Product Code: FP555

Intended uses: Floor polish for vinyl and sealed floors

Supplier: Ewbank Ltd

Address: Ashcombe Court, Woolsack Way, Godalming, GU7 1LQ

Telephone No: +44 (0) 1483 413 819

Website: www.ewbank.co.uk

Email: info@ewbank.co.uk

Emergency contact: Telephone **01483 413 819** Monday to Thursday between 8.30am to 5pm
Friday 8.30am to 3.45pm

Section 2: Hazards Identification

Classification: NC

Label elements: NC

Section 3: Composition/information on ingredients

Mixtures: Plasticiser 5%, Acrylic emulsion. Contains non-ionic surfactant

Classification: N, R36, R38

The full text for all the Risk Phrases and Hazard statements are displayed in section 16

Section 4: First Aid Measures

Inhalation: No Hazard

Eye Exposure: Flush open eye thoroughly under running water. Seek medical advice

Skin Exposure: Remove contaminated clothing and wash skin thoroughly with soap and water. Rinse thoroughly with water

Ingestion: Rinse mouth with water. Do not induce vomiting. Seek medical advice

Section 5: Fire Fighting Measures

Extinguishing media: Non combustible

Specific hazards: No specific hazards for this product

Section 6: Accidental Release Measures

Personal Protection: See section 8

Environmental precautions:

This product contains non-ionic surfactants and may have an effect on the environment in the event of a spillage. Advise the local authority

Disposal: Measures for cleaning and collecting. Spillages may result in the floor area being slippery until cleared away. Spillages can be removed by washing down with water and/or mopping up, dependent upon circumstances. Contaminated materials need to be disposed of in accordance with local authority regulations.

Section 7: Handling and Storage

Handling: When using this product, follow good hygiene practices; wear suitable protective equipment such as waterproof clothing, eye protection and gloves

Storage: Protect from extreme temperature. Store away from strong acids and bleaches

Section 8: Exposure Control/Personal Protection

This material should be used in a well-ventilated environment.

Exposure limits:	8 hr. OES	15 min STEL
NTA	100	200

Personal protective equipment hygiene measures: Wash hands before breaks and at end of work

Respiratory Equipment:

Not required

Eye Protection: Wear suitable eye protection in situations where material may be splashed in the eye

Hand/Skin Protection: Wear suitable gloves

Section 9: Physical and Chemical Properties

Appearance:	Low viscosity liquid
Colour:	Off-white
Odour:	Perfume – Lavender
Solubility:	Fully soluble
Flash Point:	Non Flammable
pH:	10
Specific gravity:	1.0

Section 10: Stability and Reactivity

Reactivity:	Will react with strong acids and Bleaches. Avoid contact with strong acids and bleaches
Stability:	This product is stable under normal conditions

Section 11: Toxicological Information

Toxicological effects: Non-toxic. Splashes in the eye may cause irritation

Section 12: Ecological information

Eco toxicity:	There is no data on the product itself, but the ingredients on which it is based are classed as environmentally harmful
---------------	---

Section 13: Disposable Considerations

Waste Treatment:	This product and waste contaminated with it, should be disposed of in accordance with local authority regulations
------------------	---

Section 14: Transport Information

Road & Sea:	This material is not classified as dangerous for carriage by road and sea
Air transport:	For carriage by air, contact supplier

Section 15: Regulatory information

This product is classified and labelled for supply in accordance with the Chemicals (Hazard information and Packaging) Regulations as follows:

Classification:	Irritant
Substances:	Contains non-ionic surfactant

Symbol:	Xi	Irritant
	N	Dangerous for the environment
Risk Phrases:	R36	Irritating to eyes
	R38	Irritating to skin
Safety Phrases:	S26	In case of contact with eyes, rinse immediately with plenty of water and seek medical advice
	S37/39	Wear suitable gloves and eye/face protection

Section 16. Other Information

This product should not be used for purposes other than those for which it is designed. The information contained in this safety data sheet is based on present knowledge and current national legislation and meets the requirements of the Chemicals (Hazard Information and Packaging) Regulations. It provides guidance on health and safety and environmental aspects of the product and should not be construed as a guarantee of technical performance or suitability for particular applications

Risk Phrases

R10	Flammable
R22	Harmful if swallowed
R65	Harmful, may cause lung damage if swallowed
R36/38	Irritating to eyes and skin
R38	Irritating to skin
R43	May cause sensitization by skin contact
NC	Not classified
R50/53	Very toxic

Hazard Statements in full

H319	Causes serious eye irritation
H315	Causes skin irritation
H226	Flammable liquid and vapour
H302	Harmful if swallowed
H304	May be fatal if swallowed and enters airways
H317	May cause an allergic skin reaction
H410	Very toxic to aquatic life and long lasting effects
H400	Very toxic to aquatic life
